

International Public Notice: About QFS

By Anna Von Reitz

Yes, we know, all the faithful QAnons and Alt News Readers among us have been told and firmly believe that the so-called "QFS" or "Quantum Financial System" is the brain-child of the White Hat Military and Donald J. Trump.

We wish it were true.

But Patent No: US 12,354,089 B2, the Worldwide Application Packet, was filed by the US Postal Service, and later assigned to the UNITED STATES POSTAL SERVICE and from there assigned to Salesforce, Inc.
/SALESFORCE, INC.

A consortium of banks and "institutional owners" actually owns SALESFORCE, INC., and if it ever was a White Hat operation, it's not anymore.

Vanguard Group, Inc.....	9.33%
Blackrock, Inc.....	8.57%
State Street Corp.....	5.17%
Marc Benioff.....	3.36%
Geode Capital Mgt.....	2.19%
Morgan Stanley.....	2.15%
Capital International Investors.....	1.97%
Jpmorgan-Chase Co.....	1.87%

It's the same old crowd owning and controlling QFS.

They are just making political hooey and re-branding and updating to modernize their "services". No White Hats here. None. Not even a whiff of a White Hat.

The original patent generator is a man used by the CIA to file patents on systems and inventions they develop and publish out of their Herndon, Virginia office.

The QFS is exactly what we told you it was --- a CIA Op from start to stump, developed at Wright-Patterson AFB as part of Operation Crimson Gate.

Now, what color is famously associated with both Russia and China?

Crimson.

Who can we expect coming through and using that "Gate" to access and control our bank accounts and chastise us? China, of course.

QFS is developed as the means to implement a monopoly for bank transfers even more total than the old SWIFT System and if we are stupid, we will soon be dependent on a Chinese-based Meritocracy to be able to buy and sell.

It's being done to us right now --- note how all your private bank accounts were magically transformed into Central Bank FedNow accounts with nobody the wiser?

So, QFS is not a White Hat project. It's a CIA project.

QFS is not safe and new and free of taint; it's the same old Bad Boys in control and profiting from it.

Wish it wasn't true, but it is what it is.

They want to make money off of you, but even more, they want control of you and your credit and any physical assets you might have.

Remember, that in their hopelessly criminal banking system, when you make a deposit in one of their banks, they own your deposit. That's another change since the old days when things were sane.

So why go there? Why support it? You have options, but it is up to you to keep and expand your options.
