

## About T-ROH and Their Garbage

By Anna Von Reitz

What T-ROH (The Reign of Heaven and Keith Livingway) is spreading and encouraging is all 100% garbage.

Ignorant people who don't know the difference between the Universal Catholic Church (which means all churches everywhere of every denomination that are devoted to the teachings and imitation of Yeshuah, known as The Christ) and the Roman Catholic Church have misinterpreted my message to Cardinal George of Chicago, but if you bother to go to my website, [www.annavonreitz.com](http://www.annavonreitz.com) and read the letter in context you will see for yourself what the tenor of my communications to the Catholic Clergy worldwide has been for many years. Read the Letter to Cardinal George posted there and see if you can in any way interpret that as the work of a "Vatican Agent".

Then also read my book, Disclosure 101, which details the work I have done for many years to try to correct this horrific mistreatment of humanity.

T-ROH the source of all this garbage is trying to get Americans to "sign up" for their private commercial corporation and its services, just like numerous other persons and entities are trying to get Americans to sign up for their "governmental services", but the fact of the matter is that the actual government of this country is vested in the living people and not in any commercial corporation. Those corporations are supposed to be taking their directions from us, and acting as subcontractors of our actual government.

The problem is that this scam promoted by commercial corporations like the "U.S. Inc." and "U.S.A. Inc." and "UNITED STATES, INC." and "U.S. Corp" and "the United States of America, Inc." and "The United States of America, Inc." and "The Republic for the United States of America, Inc." and "E Pluribus Unum the United States of America, Inc. "---- and believe me, I could go on ---- has gone on so long, that people have literally forgotten what the actual American Government is and how it is supposed to function.

And I am teaching a whole new generation of Americans to be Americans and how to peacefully and safely restore the government they are owed.

Naturally, none of these commercial corporations want that. They want to ride rough-shod over their actual employers and be in control of our resources and our lives. That's why they want us to sign private contracts with them instead of them having to obey the public contracts -- the Constitutions --- that already exist.

I am destroying their whole "system" of things and so they attack the messenger, but it won't help them. Trump has the message. The American military has the message. The Queen has the message. The Pope has the message. Millions of people all over the world have the message. And the messenger doesn't even count.

They can say all the vile things that they can dream up about me, but it doesn't change the Truth I have told the world.
