

Are You Aware - This is crucial for Ammon Bundy

This letter was sent late this afternoon to Ammon Bundy's attorney. I believe Mike Arnold is a well-intentioned man, but like most American Lawyers, he probably hasn't ever been taught these facts. So I told him and left the door open for him to ask more and to do the right thing in securing the release of all those who were attacked by the FBI in Oregon for lack of jurisdiction.

To Mike at the Arnold Law firm

From Judge Anna Maria Riezinger,

Most lawyers trained in American law schools in the past fifty years have NOT been trained about land jurisdiction, nor have they been properly trained about the jurisdiction of the air, either.

But prior to that time, those who are now late 70's, 80's, and 90's knew the Federal System and knew it well.

Ammon Bundy is being mischaracterized as a "Domestic Terrorist"--- "Domestic" that is, with respect to the Federal United States, but he is not now and never was a Federal United States Citizen. He is a native of the Continental United States. The false presumption otherwise was created by fraud against him and his parents when he was just a baby to enrich the British Crown Corporation and pump up the war effort during WWII. After WWII they just continued press-ganging Americans into the foreign international jurisdiction of the sea. That fraud is about to come down on top of the perpetrators

You would do well to avoid any implication in their misdeeds.

Ammon Bundy has never knowingly or willingly operated as a "person" in his life. He has never operated a merchant marine vessel in any capacity whatsoever. He never knowingly volunteered to be a franchisee or sought any benefit of incorporation. Any action taken against him on the basis of these absurd and self-interested presumptions is an act of personage and those bringing these charges against him are actively involved---whether they know it or not--- in barratry.

He is a plain old American Rancher and his Constitutional guarantees are being violated. Now that you know these facts it is up to you to bring it to the attention of your brethren in the court and to stop this travesty in its tracks.

As you will see if you look at Amendment VII of the Constitution of the United States (which says verbatim the same as the actual Constitution through Amendment 12) you will see that living people are owed Common Law and Ammon Bundy is owed Common Law and a trial by jury of his peers--- meaning men and women like him who are aware of their guarantees and their position as "free sovereign and independent people of the United States" ---- not British Subject "inhabitants" here to provide essential governmental services.

Ammon and his co-defendants are not subject to the jurisdiction of the sea nor to any "Special Admiralty" court venue. They are non-Domestic, non-resident aliens with respect to you and your entire Court System and you have been duly advised. We require actual justice, not just an appearance thereof.

You've agreed to be his attorney, but you can't be his attorney because you are a Bar Member. At best you can be a faithful Counselor, but I doubt that the Court will pay your share of the performance bonds if you do.

I know you don't want to hear this, but it is true. Your United States Grand Jury is welcome to bring an indictment against the Bundy family and our Federal Grand Jury is welcome to bring an indictment against all the foreign agents masquerading as "FBI" and "BLM" and also against those members of the "US District" Court System who are pretending to be operating within their charter.

I will leave it to you to figure out whether the tail really wags the dog or not. We are here to answer any questions you might have.
