

International Public Notice: International Arrest Warrants Issued

By Anna Von Reitz

The Federation of States is hereby acting in support of the people of this country by issuing International Arrest Warrants for all Parties engaged in any of the criminal activities described and documented by the Childrens' Defense Fund, including complicit hospital and residential school staff members, administrators of orphan homes and cemeteries engaged in supplying test subjects and hiding their remains, members of the United States Congress, Incorporated, New York Health Commissioners, employees of the NIH and CDC responsible for policy and program decisions associated with these results, program managers and attendees at the Simpsonwood Conference, pharmaceutical corporation executives engaged in continuing the use of Thimerosal in vaccine serums and all those engaged in covering up any of these crimes and injuries to the American Public and people worldwide.

Once again, RFK, Jr., has proven himself to be a man of integrity, courage, and decency. He is being joined by millions of Americans [today](#), who are ready to engage the true enemies of mankind.

For specifics, please review:

The Simpson Conference: <https://www.youtube.com/watch?v=fjfliHleIz0>

The transcript for this secret meeting was published by RFK, Jr. in Rolling Stone Magazine in 2005.

Imagine how many children and families could have been spared Autism and other disabilities if these criminals had simply stopped what they were doing?

And now we find out that these poor "throw away" children who were subjected to these vaccine industry and drug industry experiments, were secretly buried in mass graves, right under our noses.

We issue this International Arrest Warrant for these criminals to be arrested, jailed, questioned, brought to trial, and punished to whatever extent is appropriate according to their knowledge of and participation in these murderous experiments, promotion of these products, and corporate cover-ups related to the continued development, promotion, and sale of these products.

All American Officers are hereby Deputized upon their receipt and acceptance of this communication to take whatever actions are necessary to protect the American Public and innocent people worldwide from any further reckless endangerment at the hands of these mentally diseased and morally incompetent madmen.
