

In The Court of The Record of The United States of America  
For the Decree and the Demand of the Assets Thereof:

**Whereas** The United States of America is an unincorporated and sovereign government created by and for the States and Peoples of our Country on the Ninth September of the year 1776 and it is the Source of all of the Delegated Powers entrusted to the Federal United States; and, **whereas** the Federal United States has been held in abeyance and under reconstruction and **whereas** this circumstance has been wrongly construed as an abeyance of our General Government; and, **whereas** we have given Due Notice that this is a mistake; and, **whereas** both the Territorial and Municipal Governments subsidiary to the Federal United States have succumbed to liquidation and reorganization in bankruptcy within the last four years; and, **whereas** all three levels of the Federal United States Government have thus been rendered incompetent by these actions and circumstances:

Now, therefore, we declare and decree that by Operation of Law all Delegated Powers have returned to the Delegator and all assets which have been held in trust in behalf of The United States of America must be returned to our States and Peoples and may not be subsumed as chattel subject to any Federal United States bankruptcy and may not be considered abandoned nor uncollected assets. Any failure to return our assets to our possession and control shall be considered a criminal Breach of Trust.

So said, so signed, and so sealed this 6<sup>th</sup> day of June in the year known as 2018 Anno Domini in the sacred space of now by the lawful Head of State for the unincorporated Body Politic of The United States of America under the Great Seal which appears above and whose signature and recorded sign and separate seal appear below:
