

Settlement Letter to Bank for International Settlements - True Scale

By Anna Von Reitz

We sent out a jpeg version for inclusion in Legal Size documents just previous to this, and are sending out the 100% jpegs for ease of letter transmission and readability.

We referenced a Settlement Letter in some of our most recent correspondence and are providing the jpeg copies for distribution. For obvious reasons, the Fiduciary Office is acting as the Moving Party in this matter seeking recoupment of the American Government's assets and also the assets owed to an American Trust Estate.
