Who or What Is At the Bottom of All This?

Who or What Is At the Bottom of All This?
Satan.
Queen Victoria and Benjamin D'Israeli
The British Crown and the Dutch East India Company
The Great Abomination, aka, Semiramis, aka, Mystery Babylon
The Office of the Roman Pontiff
The Tax Collectors of the Pontifex Maximus -- aka Bar Associations
Clueless, Corrupt Politicians
Clueless, Corrupt Military Leaders
In more or less that order....... At a certain point, it becomes a circular argument, because all these maladies are
linked.
Satan, the Father of All Lies, the Great Deceiver, has been hard at work deluding and
misleading people for thousands of years and he has had a real hay-day here thanks
to our gullibility.
Queen Victoria and her favorite Prime Minister, Benjamin D'Israeli opened the
ancient Pandora's Box of Evil Tricks and Babylonian Bullshit in order to finance the
Raj in India and that whole debacle.

The British Crown and the Dutch East India Company Heirs have been colluding and
fighting each other by turns for the last three centuries and have been causing
nothing but trouble on a worldwide basis since they started indulging in the fruits of
Institutionalized insurance fraud circa 1702.

Semiramis, the Queen of Sumeria and wife of Noah's Grandson, Nimrod, also known
as The Great Abomination and Ashtoreth and Astarte and Isis and Cybele -- started
her own religion based on infanticide, tree worship, sex as a sacrament, and idolatry
which included the use of graven images and symbolic coins as money shortly after
the Great Flood. [This venal religion known as Mystery Babylon is also known as
Satanism and practices ritual sacrifice of children and deliberate subterfuge and
secrecy. It basically promises its members secret knowledge and then gets them into
compromised positions via sex and drugs and participation in ugly things and then
simply blackmails them and threatens them to go along with whatever the leaders
want done.]

The Office of the Roman Pontiff --- the Church has been trying to serve two masters
ever since the Council of Nicea --- and this is reflected in the Pope trying to hold two
offices at once, one sacred and one profane. The Office of the Roman Pontiff is the
secular, pagan, and profane office. No man should be placed in such a position, but that is what has gone on.

The Pontiff or Pontifex Maximus as the Romans called him two centuries before the birth of Jesus was a deal maker and breaker, the literal "bridge" between jurisdictions under the Lex Mercantoria, the Magician responsible for the creation of poppets now known as corporations and "legal fiction persons". This is why Francis is responsible for the wrong-doing of all these corporations and why, under ecclesiastical law, the Pope retains the ability to change, repeal, or annul any corporate law or decision. He literally holds the charter of all incorporated entities on Earth--- C Corps, S Corps, LLC's, trade unions, cooperatives, foundations, trusts--- you name it, and at the end of the day, all these things have been created by and are the responsibility of the Roman Curia. So when things go wrong and commercial corporations start mercenary wars and pass oppressive "legislation" --- don't even pause. Head straight to Rome and start banging your dishes on the floor like angry dogs.

Tax Collectors of the Pontifex Maximus -- the Bar Associations. Also since the Second Century BCE, the Pontifex Maximus has employed peculiar tax collectors: priests of Cybele (See Mystery Babylon comment above; "Cybele" is another name for Semiramis.) who wore black robes and white wigs and who practiced their own peculiar twisted form of writing (cursive as in "cursing") and their own equally twisted form of language today known popularly as "legalese" or the "language of fraud".

All the above have combined with clueless and corrupt political and military leaders to result in The Great Fraud and The Mess which the world is currently facing up to.
