

Thank You, and No, I Can't Keep Up.....And Did You Know You Are in The Service?

By Anna Von Reitz

This morning I looked in my email inbox and saw 50,410 unanswered emails blinking at me. There is no way on Earth that I can answer all or even a small fraction of these. It just isn't possible. If I had a full-time staff devoted to answering emails for me, they might keep up. As it is, it would take 50 people working over 1,000 emails each today.

Realizing--- and finally admitting---- that I am never, ever going to be able to get through all those emails, I just had to hit the "delete" button and hope that the ultimate answers to the mysteries of government and life were not part of the overload.

I also had a heartbreaking question forwarded to me by my Webmaster --- a friend who has been sending \$10 a month since September and never got a thank you from me. Did it arrive? Did it make a difference? I burst into tears.

We could never come so far, so fast, without the good wishes and help and prayers and \$10 donations. This has been a very, very hard winter for everyone on my team, including me. There have been deaths, accidents, illnesses, injuries--- you name it, we've had it. It's as if Satan himself took an interest in making our lives miserable the past four months, and with all those setbacks, we wouldn't have survived it without all of you coming forward and sending us money for gas and copy service and stamps.

I had to sit back and shake my head. I can't even keep up with thanking all the people all over this country who are and who have been loyally supporting the research and the efforts of our Living Law Firm team. Again, it just isn't possible. I would have to spend all day every day on nothing but correspondence ---- and then I wouldn't get the actual work done that you want me to do.

So, yes, your PayPal donations to avannavon@gmail.com do matter, and so do all the checks and money orders and other gifts sent to me in care of Post Office Box 520994, Big Lake, Alaska 99652. You have all helped lift the burden and make it bearable and though I admit to many sins, ingratitude is not one of them! I do get the mail eventually and I bless you all and thank you from the bottom of my heart!

Here is today's strange but true tidbit that we all need to know: your SURNAME is that of a Warrant Officer in the Merchant Marines known as a Withholding Agent; HE

is under a services contract which makes HIM responsible for paying the DEBTS of the government.

Isn't that cute? All these years they had you convinced that you were paying debts that you owed, but in fact, you are merely a faceless military services subcontractor tasked with paying off the debts of the UNITED STATES and its franchises. As long as you retain a SURNAME, you are presumed to be operating in their foreign system and to be obligated in this way.

So one of the key points to make and prove is that you are no longer in any form of military, quasi-military, or civil service employment. And if they think you are, then they need to produce the contract and the dates and the amounts you have been paid and the name of your supervisor and your job description and all the rest of it.

Once again we find that this entire system is built on nothing more than deceit and self-interested lies. Pure bunko.

So the work excavating the manure pile goes on, and this is what occupies my time and the time of many others every day. We are now at a point where we can begin pulling together the actual pleadings to bring suit against the rats in international courts. Stay tuned for more to come.
