

Criminals Do as Criminals Are

By Anna Von Reitz

Once again, the ignorant are "at it", making claims and spouting opinions and drawing attention to the coercion and criminality of the corporations that have masqueraded as our government.

It's evil. It's boring. It's monotonous. It's the same old story for 160 years worth of carpetbagger courts.

For those who haven't gotten the memo, "Anna M Riezinger -Von Reitz" isn't me. It's not a name I have ever used. In fact, it is not a specific name at all.

Is that Anna Maria Riezinger or Anna Mary Riezinger or Anna Margaret Riezinger?

The whole case and complaint against this unknown fictional "person" represented by the label "Anna M Riezinger-Von Reitz" is nonsense.

It's attempted Aggravated Identity Theft and the Perpetrators will get their rewards in the form of prison time, large fines, and forced changes in careers.

Meantime, I am closing in on their entire court "system" and they know it. It's not the first time we've locked horns, but it will be the last.

They are going down, together with their banks and the corporations they have used as a means to undermine the lawful American Government and the American people, too.

Their days of pillaging the public trusts they created in all our names are ending and they themselves are being identified as the criminals --- and even their own attack dogs are turning against them.

It's poetic justice.

They are trying to force me to pay imaginary "taxes" on imaginary "federal income" for an imaginary "federal person". What a waste of time, and yet, within the situation lives the unbearable light of truth.

They have coerced generations of Americans to pay their taxes for them, but that gravy train is at an end. They've committed aggravated identity theft and unlawful conversion of our nationality against us. They've trespassed and looted for decades.

And there are still fools on the internet trying to defend this and blame the victims.

They've stolen our assets and lied about us, and manipulated the accounts to make it look like their creditors are their debtors, but that comes to an end now.

Their institutions, their reputations, and their employment comes to an end now.

They are the criminals and their acts prove it; they are already condemned and now, they simply identify themselves and make my job easier.

Don't believe nonsense. The 16th Amendment was never ratified by the States of the Union. Period. It was an Amendment to a foreign Constitution that was never ratified by the States of the Union, either.
You will see. Soon.

Anna Maria Riezinger -- the actual and only original.
