

## **Crisis --- Letter to Pope Francis - Via Email, April 30, 2016**

By Anna Maria Riezinger

Most Beloved Francis,

It has come to pass that the so-called legislature representing the "STATE OF TENNESSEE" -- which is the French-Chartered UN Corporation doing business as IMF doing business as UNITED STATES doing business as STATE OF TENNESSEE franchise has decriminalized such crimes as racketeering, extortion, and murder practiced against "persons"--- that is, under their definitions--- corporations.

See what they have published as "Tennessee Code Annotated" 39-2-701 copyrighted 2016 by The State of Tennessee, repealing Title 39 labeled "Criminal Offenses" and Part 7, decriminalizing "Threats, Intimidation, and Extortion".

The core of this problem is that the same scam artists have endeavored to secretly redefine all the people in America as "persons" and to seize upon all the assets of their estates as "personal assets" backing the private corporate debts of the UN Corp, IMF, UNITED STATES and so on.

They claim that we have all agreed to this in exchange for "benefits" that we have then also paid for ourselves.

This is an official notice from recognized Beneficiaries of the Divine Adamic Trust and the New Testament Trust as well, addressed to you in your Office as Pontiff and to the administrators of the Holy See, that we have not agreed to these false claims by any fully disclosed and consensual process, that we have not willingly, knowingly, or voluntarily operated as "persons" at all, and that those misrepresenting and mischaracterizing us as such are merely self-interested criminals.

The organizations perpetuating these practices--- the UN Corp, IMF, UNITED STATES, and STATE OF TENNESSEE--- are merely crime syndicates that have been operated by the French Government and others, acting in collusion including the "GOVERNMENT OF THE UNITED STATES"--- another franchise---acting in collusion.

As the one responsible for the Holy See and the Roman Curia, which is responsible in turn for the creation of all corporate entities on Earth, you are enabled and entitled to amend the "laws" of any corporation and to liquidate any corporation found operating in violation of its charter or in violation of any Public Law.

Those responsible for these crimes have used the excuse that there is no Public Law against enslaving a corporation, nor, for that matter, any law against murdering, extorting, plundering, or racketeering against a corporation.

This in no way changes the fact that fraud, personage and barratry are all crimes against the Public Law and that those engaged in making these false claims against the ESTATE trusts they have established "in the name of" living Americans are all acting as criminals engaged in fraud, personage, and barratry against living people and against their lawful government established on the land of these United States.

Those so engaged include Christine LeGarde and the so-called "US Secretary of the Treasury" acting as Governor of the IMF.

We call upon you to take immediate action to liquidate the UN Corporation and the IMF while exempting all American ESTATE trusts and all American STATES from claims or seizures. We ask that you order the return of all titles issued under color of law and false representation to the living people to whom full title is owed.

The last shall be first and the first shall be last. We are not going to be defrauded out of our rightful inheritance in exchange for a bowl of stew that we paid for ourselves. .

We have requested--- repeatedly--- explicit directions from the Office of the United States Secretary of State occupied by John Forbes Kerry--- formally establishing a process by which American State Nationals may reclaim their birthright estates and secure correction of the records concerning them. We and many others have been kidnapped by Undeclared Foreign Agents who have mischaracterized us as having voluntarily accepted the status of "citizen of the United States" with "United States" being defined as "the territories and District of Columbia".

As we told Pope Benedict XVI, it was never our will, intention, nor voluntary nor consensual act to agree to any such political status and any claim otherwise is nothing more than self-interested fraud.

This secretive change in our political status occurred while we were still babies in our cradles, totally unaware and unable to defend ourselves. It was done under conditions of semantic deceit, impersonation, and non-disclosure misleading our Mothers to comply with what was misrepresented as "law" and which was in fact a veiled commercial contract selling us into involuntary indentured servitude which has been outlawed internationally since 1926.

We are now come for remedy and for full cure and maintenance of these vessels merely NAMED after us and also full remedy and full cure and maintenance of any STATES merely named after our states.

These entities entered into commerce "in our names" have been created without our knowledge or consent by foreign governments and foreign corporations and they remain the responsibility of those governments and corporations, not ours.

The living people and these United States may not be infringed upon, summoned, held accountable, raped, pillaged, murdered, or in any other way harmed. We are Third Party non-combatants and always have been.

We are additionally the Priority Creditors of both the FEDERAL RESERVE and the IMF and if any attempt is made to kill off the creditors as was done in Nazi Germany, then as Ms. LeGarde's Goethe quote implies, the entire world will know what is going on, and those perpetuating these acts serving to enslave and defraud people, along with those tacitly condoning them, will be utterly destroyed.

Dear Francis, these issues must be addressed forthrightly and honestly. Those responsible must be held to account and forced to pay their own debts or otherwise have their debts forgiven as part of the Jubilee. We aren't calling for their blood, but we are reminding you that our given names and our blood belongs to us.

Please settle the accounts accordingly.

Respectfully,

Anna Maria
