

## Dear Don -- A Reply to Your False Claims

By Anna Von Reitz

Number One: I don't know any "Carl Michael Magnussen" and never did, so it will be difficult to prove that I "colluded" with any such person to do anything whatsoever.

Number Two: You deposited your money in a State of California Credit Union.

"My" banks haven't even opened their doors yet, so it is a no-brainer that you have never deposited a penny in any bank or credit union or other facility associated with me, and that you have absolutely no cause to address me at all or make any defamatory statements whatsoever. .

Number Three: The State of California won't do anything for you, because you signed a Private Deposit Agreement with a Private Membership Association Credit Union.

I read a blank copy of that Agreement after the fact for another depositor in the same PMA Credit Union, and I can tell you that Hunter doesn't have to refund your money or anyone else's, until the conditions you agreed to are met.

So, if I were you, I would apologize to Hunter and ask him very nicely to let me out of the contract and give my money back.
