

International Public Notice: "Military" Disposal Centers

By Anna Von Reitz

1. As if to underline the information provided to the United States Military, the Principals involved in undermining our Constitutions, the United Nations Organization, and the leaders of the various religious organizations involved in the ongoing debacle [this morning](#), the attached "Disposal" lists of the CYM, Inc. Corporation shows the names and identities of American children "disposed of" by these gross criminals in 2021. This information is being re-published worldwide.
2. These "Dispositions" are related to the disposal of Municipal "citizens of the United States" deemed to be slaves in the undisclosed European Caste System, carried out under orders promoted by the British Parliament beginning with the Naval Agency and Distribution Act of 1864.
3. CYM, Inc. is a British Crown Corporation acting as a military subcontractor. Most of its operations have been carried out using mothballed United States Military Bases and Compounds as their base of operations. These facilities have been raided by American Law Enforcement Officers and Tribal Police.
4. If we ever needed proof of the criminal and mercenary nature of the corporations that have been masquerading as our government since 1863, here it is--- the lists of names of children snatched off our streets and from our daycares and schools, and there are similar lists of homeless people "disposed of".
5. We call upon the British Government(s), both White Hall and Westminster, to take voluntary disciplinary action against these corporations and dissolve them before we address the British Governments more directly and personally.

6. We have already exposed the facts to the highest ranks of the British Territorial Military: the so-called American Civil War was never a war by definition; the so-called Fourteenth Amendment was never ratified by our States or within our Constitutions -- the Fourteenth [By-Law] Amendment was made to a "Corporate Constitution" published in 1868, by the organizers of a Scottish Commercial Corporation merely calling itself "The United States of America"---Incorporated.
7. The above-mentioned corporation went bankrupt in 1907. There is no possible authority attached to it, its phony "Constitution", or its Fourteenth [By-Law] Amendment.
8. There is and can be no excuse or amnesty provided for such criminal behavior; there can only be swift and summary justice. The Law of the Land will be enforced at both State and Federal Levels. We will resume public hangings as needed and deputize American Forces as needed to meet this challenge.
9. The Holy See is advised that a portion of the work was carried out by other Municipal Corporation franchises not associated with the British Crown. We shall be dealing with them and the Government of the United States, Inc. in a similar fashion. The Federal Bureau of Investigation is finally being returned to its normal duties and has busted the FBI.
10. These crimes are being committed and these criminal organizations are being misrepresented as Federal Agencies or other so-called Government Subcontractors under color of law with their employees often unaware of the fact that they aren't actually government employees and have no authority to undertake any of these criminal acts.
11. Entire court systems have been run under the same conditions of fraud, malfeasance, criminal misrepresentation, and impersonation.
12. Immediate disclosure of all and any CYM, Inc. operation locations is required; operation according to the Law of the Land is required; American Deputies will be operating throughout the country and at the Southern Borders under use of force protocols allowing them to hang or otherwise immediately and humanely kill anyone who is caught running or assisting these "disposal" operations. They are also empowered to arrest and detain anyone caught breaking any State or Federal Law enforced by our States or Federation of States.

For the time being, U.S. Citizens will continue to be turned over with indictments to their District Attorneys, subject to military courts and military justice under international law.

13. These provisions may be altered at any time with no additional Notice upon any additional provocation.
