

Removal of Dan Auxier as Missouri Coordinator; Dissolution of Missouri Assembly

By Anna Von Reitz

Night before last, under the direction of Dan Auxier, a group of Missourians held a "court" action claiming that other Missourians had committed "treason".

Last night, I advised them that a charge of "treason" is not possible as the Missourians accused and misaddressed by the court have no service contract upon which such a charge could stand.

Repeated attempts to reach Dan by telephone and by email have failed. I am therefore taking this protective action by the Federation and making it public.

The Missouri Assembly is dissolved for Cause and must be rebuilt on a better foundation.
