

President Donald Trump
c/o Office of the Chief of Protocol
2201 C Street NW, Room 1238
Washington, DC 20520

Dear Mr. Trump:

Enclosed you shall find a copy, front and back, of the Final Assignment of the liens and claims of The United States, granting back assignment of the international interests to The United States of America. These are our unincorporated Governments making claim upon the incorporated entities functioning in our names and those abusing our Unregistered Trademarks, our patents, and our copyrights.

This simple one-page assignment of collateral is the culmination of eleven (11) years of Due Process. My endorsement, acknowledgement and acceptance as The United States Post Mistress appears on the back.

The Priority Creditors of the United States and the United States of America are present and accounted for. As the Primary Shareholders, we are here to collect our Offices and Seats on the Board of Directors.

Sincerely,

A handwritten signature in red ink that reads "Anna Maria".
