

Why "the US" Dollar Must Die--- Or....

By Anna Von Reitz

Quite simply, the "dollar" fronted by "the US" ---- meaning the Municipal Government of Washington, DC, has been deliberately counterfeited offshore by the Obama Administration, and the resulting "dollars" printed in places like Thailand and Yemen and Shanghai have been used not only to pay off the Chinese, but to pay off all sorts of Municipal Government traitors and colluders, as well.

To stop the Chinese ability to merely print "dollars" using our purloined printing presses and engraving plates, and to keep them and their communist allies from using these "US dollars" to buy off politicians and other pawns, the US Dollar known as the USD has got to go away.

The rest of the world leadership has to be properly informed and the Kennedy Dollars released based on the gold and silver belonging to the actual Federation of States, The United States of America. The quicker this is done, and the faster the purloined printing presses are shut down, the better.

Barack Obama and his Administration is responsible for this situation, along with the corrupt CIA. And if anyone is still wondering why Obama stayed in Washington, DC, after his term was up? It's the only place that Anti-Christ can be, without being arrested.

The Municipal Government, in case this is not abundantly clear, is part of "the UN" and "the UN" is nothing but a giant corporation composed of incorporated commercial corporations in the business of providing governmental services. This is the structure that the Popes have been building in secret via the Municipal Government of the City of Rome and their position as Roman Pontiff for the past two centuries.

The plan was to use legality to overcome Law. They would convert all lawful governments into legal governmental services corporations, get these for-profit business entities to join an organization called "The United Nations" and at the same time, enfranchise them as "voting members" of the UN CORPORATION.

Where have we seen this same schtick used before? It's the same trick they have tried to play on each and every one of us, so it's the same Borg-like process of registration and enfranchisement and take-over.

Then, when all the lawful national governments had been unlawfully converted, the only lawful government left would be the Holy See, and they would rule over all the Earth by default.

The sanctimonious hypocrites that engineered all this, would once again clothe themselves in righteousness.

This was always the goal of the Holy Roman Empire, to see the entire Earth owned by their Bishop of Rome, purportedly acting as the Steward of Christ ---- but as actual events have now proven beyond any doubt --- what was happening instead was that the Roman Pontiff, a pagan official and follower of the Mystery Babylon religion, was finagling and angling to get in position the whole time.

In other words, it was the hidden "Secular Church" and the minions of the Devil, the Father of all Deceivers, who were putting this plan into place and using the means of crime and fraud, blackmail and heinous crimes, to get what they wanted. Not what God ordained.

Here's the latest proof of their iniquity and Pope Francis's real nature:

He is promoting sodomite marriages and abortion. He is deceiving parishioners into giving him money for works of charity, then spending it on "investments" instead-- recall the Peter's Pence scandal of last year.

Does anyone still need a brick wall to fall on their heads?

This is a thoroughly ugly and dehumanizing agenda that must be stopped at all costs by every thinking man and woman left alive on this planet. If you do not get off your rumps and start moving and thinking for yourselves, you face a future in which you will be forced to labor in concentration camp-like cities and pay taxes to merely breathe, eat, drink water, and defecate.

These madmen have sworn to kill most of the Earth's population using the Chinese to do their dirty work, and that will then force the entire rest of the world to kill the Chinese. End of their perceived overpopulation problem.

What really needs to happen is for the criminals responsible for all this to be arrested and tried and sentenced, and for the rest of us to go on with our lives.
