

International Public Notice: Essential Claims and Knowledges

By Anna Von Reitz

We have described the hidden European-based Caste System that has been secretly imposed on people by the Roman Catholic Church and its Secular British Overlords, whereby we are classed as men, humans, or slaves.

Each caste classification has different systems of law and jurisdictions attached. Men stand under one form of law on the land and soil, humans under law of the sea, and slaves labor under commercial law.

Secretive registration processes resulting in unconscionable contracts have been used to mischaracterize and unlawfully convert the natural political status of millions of Americans into that of British Subjects denigrated as "Federal Dual Citizens" ----presumed to be operating as British Territorial U.S. Citizens (humans under peonage) and/or Municipal Corporation Franchises (slaves).

These are crimes of personage and illegal latching aimed at identity theft on a national level, motivated by criminal intent to access assets and credit belonging to Americans for the benefit of foreign, mostly European banks and affiliated Municipal Corporations acting as governmental services monopolies.

These acts of self-interested fraud and misrepresentation also serve to evade the obligations of the Holy See and the British Monarch owed to these same Americans under both The Constitution of the United States and The Constitution of the United States of America.

Absent actual evidence of Federal Employment the Federal Courts themselves have declared that Federal Dual Citizenship cannot be presumed (See *bey AFROYIM v Dean RUSK*), yet abusive practices continue and are chronic in this country, such that people of color are routinely treated as slaves and mischaracterized as Municipal citizens of the United States.

Having long abused some Americans on the basis of race, the Perpetrators of these international crimes have since thought it expedient to expand upon this theme and to enslave everyone equally, by declaring everyone to be Municipal citizens of the United States and arbitrarily conferring the corresponding Third Class citizenship obligations of slaves upon them, without disclosure or agreement.

So long as this impersonation stands, the American victims are denied the protections owed to them under The Constitution of the United States, and are considered both debtors and slaves in their own country, when in fact these same people are the Preferential Creditors of the Hired Help responsible for this madness.

The Municipal Schemers hope to get away with it and not be held liable because of an earlier transgression by the British Crown which allows them to claim that they didn't do any of this to Americans at all. They will claim that they only presumed against British Territorial U.S. Citizens, who were already classed as foreigners and as mere humans.

This is because the British Territorial United States Government has engaged in a purposeful effort to unlawfully convert and misrepresent the natural political status of Americans while those Americans are still in their cradles.

It seems to be their entire cowardly and despicable custom to attack babies, murder babies, steal from babies, and harm babies with phony poisonous injections, polluted water, unsafe food, and incompetent, even evil, educational institutions designed to cripple and limit their intellectual and creative capacities.

The undeclared British Territorial Agents, Medical Doctors owing their licenses to this regime, and defined as "Uniformed Offices" under their Federal Code, latch upon the American babies by presenting undisclosed and patently deceptive registration paperwork to the Mothers, allowing the Perpetrators to attach British Territorial U.S. Citizenship to the babies without anyone's knowing consent.

These completely unconscionable contracts are created and once the victim has been tallied as a British Territorial U.S. Citizen, the British Crown takes copyright to their Given Name, and the new "human" property asset is further registered as a Municipal Corporation franchise -- where the second, Municipal part of "Federal Dual Citizenship" is constructed as discussed and described above.

Despite this intricate effort to defraud Americans of their identity and natural political status, we remain men and women nonetheless, owed all benefit of our own American Common Law and our contracts with these foreign Principals,

known as The Constitution of the United States and The Constitution of the United States of America.

So now we come to the Law we are owed, and we will use this convenient and well-organized summation sent to me by a reader earlier this week:

Quote: "The common law is the real law, the Supreme Law of the Land; the code, rules, regulations, policy and statutes are "not the law", Self v. Rhay, 61 Wn (2d) 261.

Legislated statutes enforced upon the people in the name of law is Fraud.

It has no authority and is without mercy; justice without mercy is Godless and therefore repugnant to our United States Constitution.

Lawmakers were given authority by the people to legislate codes, rules, regulations, and statutes which are policies, procedures, and "law" to control behavior of bureaucrats, elected and appointed officials, municipalities and agencies, but were never given authority to control the behavior of the people as we read in a U.S. Supreme Court decision:

"All codes, rules, and regulations are for government authorities only, not Human/Creators in accordance with God's laws. All codes, rules, and regulations are unconstitutional and lacking due process..." Rodriques v. Ray Donovan (U.S. Department of Labor) 769 F. 2d 1344, 1348, (1985).

And again "all laws, rules and practices which are repugnant to the Constitution are null and void." [Marbury v. Madison, 5 th U.S. (Cranch) 137, 174, 176, (1803).] -- Unquote.

Thus we see that from 1803 to 1985, nothing has changed, except the unlawful, undisclosed, and unconscionable conversion of our own political status imposed via acts of legislation and legal presumptions that should never have been applied to us at all.

Codes, rules, regulations, mandates, ordinances, and statutes apply to humans -- British Territorial U.S. Citizens accepting titles, such as Mister, Missus, Captain, Professor, Doctor, Congressman, Judge, and so on.

American Common Law and the Law of the Land are the inheritance of the men and women born on our soil.

Unable to overcome the strength of their venerable service contracts, our erstwhile Subcontractors have undertaken to undermine our individual identities in such a way as to redefine us as humans and as slaves, foreigners in our own country, and thereby to evade their own obligations owed to us under the Constitutions.

This entire operating plan put in place by acts of legislation such as the Federal Reserve Act of 1913, Sheppard Towner Act of 1921 and Buck Act of 1940 have been deliberately misapplied to Americans who are owed good faith service from all public employees, foreign or domestic.

The effort to defraud America and Americans under color of law and the collusive conspiracy of foreign interests backing it is memorialized as The Declaration of Interdependence of The Governments in The United States issued in 1937. (Copies available upon request.)

Our States represented by our State Citizens are the American Principals party to both The Constitution of the United States and The Constitution of the United States of America. Our State Assemblies and their members are all properly provenanced, declared, recorded, and published -- and in Session.

Our courts have and claim concurrent General Jurisdiction over all Americans and American Assets. Our address where we may sue and be sued has been established and manned at General Delivery, Philadelphia, Pennsylvania since 1802.

Newer addresses have been added and made available over the course of our history, and there can be no doubt that the American Government continues to exist in tandem with and is superior to any United States Government aka Federal Government derived from or dependent upon our delegated mutual powers and service contracts.

These foreign incorporated entities acting as our Federal Subcontractors have been unlawfully and illegally transgressing against our States and People and have also transgressed against dozens if not hundreds of other lawful governments throughout the world.

They have disgraced our good name and the Title IV flag that we set apart for their use when exercising delegated powers, by operating in bad faith, by lying,

cheating, stealing, murdering, misrepresenting, and misdirecting our soldiers as mercenaries.

For these crimes against us and against humanity, these incorporated entities deserve to be bankrupted and dissolved or forfeited to us under new management such that we can bring forward our peaceable American government and the world can clearly see that we have been impersonated by foreign subcontractors and misrepresented by them. They have used our whole country as a resource dump and storefront while pillaging and plundering both here and abroad.

This lawlessness has got to end, and it will take the determination of many people in many lands to make sure that it does -- to say no to the payola, the meddling, the leveraging, the threats, the CIA, the bribes of "foreign aid" and all the rest of it -- in order to put an end to the Colonialist rampages of the Holy Roman Empire and the British Empire and the Empire of the Cities, too.

All men who hold fast to human dignity and decency, all women who share a dream of peace and security, everyone who is worth their salt -- needs to stand up against the onslaught of Corporate Feudalism which is seeking to forever denigrate mankind to the level of a commercial product owned under patent by DARPA and licensed to Microsoft, Inc.

We must kill these corporations before they quite literally kill us. We are witnessing what happens when things we have created, mere inventions of the mind, are allowed to prey upon those who have created them and allowed them to exist. We cannot allow them to exist any longer.
