

International Public Notice: Besides the Fraud, There's the Murder

By Anna Von Reitz

In one of our most recent Notices to the International Public, we noted that "Britain" as a country does not exist, does not possess sovereignty, and never did.

England is a sovereign nation-state. Scotland is a sovereign nation-state. Ireland is a sovereign nation-state. Wales is a sovereign nation-state.

There is or was a King of England at one time, but the historical record indicates that the office has been deliberately left vacant since the early 1700s, with the result that the only actual representative of England's sovereignty has been the hereditary Lord High Steward.

This circumstance in England was reprised here in America, where the same gang of criminal miscreants finagled to claim that the actual sovereign People of this country had disappeared "over the sea" and similarly leaving only the hereditary Head of State as a placeholder.

Now these False Representatives are attempting to overturn the sovereignty of many nation-states based on the corporations they have used to provide "government services" in the meantime.

None of these cozy arrangements were ever approved by any of the actual populations of any of these countries; this constructive and coercive fraud has been carried out under conditions of non-disclosure, deceit, and color of law.

Everyone knowingly involved in this gargantuan multi-generational fraud against the public interest is guilty of fraud, treason, and a great many other crimes. They have no granted authority to do any of the things they've done.

The Office of "King of England, Ireland, Scotland, and Wales" is a joke, a hoax, a literal impossibility, as sovereignty is indivisible.

Like other oxymorons these con men use, such as "civilian military" and "sovereign citizen", this deceptive Title has been used to bilk the public and create the assumption that an individual sat as King and functioned as the Sovereign of all these countries, when in fact no such thing occurred.

The exact opposite occurred.

All these land and soil jurisdiction offices were vacated by the purported Kings and Queens who evaded their duties and the Public Law by operating entirely in the jurisdiction of the Sea and depending on Public Ignorance to accept the assumption that a British Monarch was the equivalent of an English King.

On the basis of this facile deception the government of "Great Britain" --- which is Company, not a country --- has been functioning under conditions of fraud and evasion of their Constitutional Limitations for over three hundred years.

This hidden adjournment from the land and soil and its law, to the watery jurisdiction of the sea and its law, is being attempted again, as "King" Charles III is attempting to do a similar maneuver now, and adjourn from the jurisdiction of the sea to the jurisdiction of the air, and pass this all off by giving away sovereignty that he neither embodies nor possesses.

Just as the actual office of "King" or "Queen" was secretly vacated in favor of standing as a "British Monarch" they are now attempting to vacate the jurisdiction of the sea in favor of the Office "Imperial Majesty" in the jurisdiction of the air.

And it is all deliberate fraud upon the people. It is all treason. This is true in England and true in The United States as well.

Our research indicates that this same scam based on jurisdictional manipulation has impacted the entire former Commonwealth, the seventeen Western European countries occupied by the Allies after World War II, Japan, South Korea, Iraq, Libya.... and every other country that has suffered either occupation or "administration" by this Crime Syndicate.

This would all be bad enough, but there is a lengthy history of murder-for-profit, insurance fraud, inland piracy and other violent crimes attached to these fraudulent "governments", which are all actually commercial or municipal corporations in the business of providing "essential government services" under contract.

The current "Excess Death Toll" caused by their latest war profiteering stands at 31 million and is increasing each day; they have knowingly polluted the human genome to deliberately cause death, chronic disease, and sterility.

This was avoidable and the potential for it was known thirty years ago. Anthony Fauci's bad character and lack of credibility as a scientist has been known for three decades; the NIH's complicity in his lunacy has also been known, and no responsible action was taken, no investigation conducted by the bought-and-paid-for media:
