

International Public Notice: Freedom of Religion

By Anna Von Reitz

Now everyone is an Anti-Semite, even Jews who speak up against the slaughter in Gaza are Anti-Semites. Anyone who is anti-death in general, is an Anti-Semite.

If you don't stand four-square and agree with the slaughter of 50,000 Palestinians (and more) in exchange for 1,500 Israeli deaths, you are an Anti-Semite.

And so, Freedom of Religion is to be denied to Americans by the U.S. House of Representatives and the ancient evil of dictating religion is to be enshrined on our soil for the first time since 1608?

Well, the Church of Thelema would be well-advised to check its own skirts, because if Christians are to be mistreated, so may their blood-sucking acolytes be massacred in the streets.

These Satanists have claimed protection under our Freedom of Religion. If they want to take Freedom of Religion away from Christians, they lose the same protections themselves.

Someone should observe this to the imbeciles, so again, it falls to the Federation of States to point out the obvious.

We provide everyone freedom of religion. That includes all the Satanists and Zionists who have flourished here in peace and caused all this trouble for the past 300 years.

Let's be very clear about this, U.S. House of Representatives, Inc. --- if you start leaning against the Public Law and the Constitutional Guarantees owed to the Public anymore, you are the ones likely to be on the losing end of the stick.

We do not agree with nor approve the morbid practice of "blaming the Jews" that some Christian sects do, viewing the decision of the Sanhedrin in one case back in 33 A.D. nor Pontius Pilate's handwashing, either, as anything but more proof that mankind as a whole is prone to gossip and fear and superstition and self-interest.

At the same time, we realize that our own freedoms depend on extending those same freedoms to others.

If people want to believe in Satan and hereditary guilt of the Jews and also cling to the fancy that the moon is made out of green cheese, we don't have enough insane asylums to house them.

We also realize that if the USA, Inc. had not saved slavery as an institution by adopting their so-called "Fourteenth Amendment", we wouldn't be in the mess we are in [today](#).

There would be no slavery of persons so there could be no slavery of people, either.

Failing to make a clean breast of it and end slavery in all jurisdictions, like failure to deliver freedom of religion to all, predictably results in loss of freedom for everyone.

Including the Perpetrators of any incursion against our Public Law.
