

## Get On It!

By Anna Von Reitz

The Seattle Times viciously attacked a local Fall City woman, Teri Sahm, calling her an "Extremist" and a "Sovereign Citizen" --- which is an oxymoron --- for resisting eviction from her home.

The fact is that the mortgage was paid off in 2018 and she didn't owe a dime-- but the King County Court and the King County Sheriff's Office continued to prosecute her and promoted these illegal eviction orders against her and against her property rights. It turns out that King County doesn't even have an actual Sheriff. Get the scoop and the business angle out there for everyone to see.

What if some corporation somewhere claimed that you owed a mortgage you didn't owe?

What if you said, no, you weren't going to pay it?

Does that make you "anti-government" or pro-common sense?
