

My Bad -- A Grandma Moment

What I remembered as being part of the Nuremberg Code (which is the codification of the international treaty pacts involved) is actually part of the UNESCO Universal Declaration on Bioethics and Human Rights. The Nuremberg Code that subsequently results is Step Two and applies to the military, which is of prime importance to us now, because the President of the USA, Inc., has a Declaration of War (Commercial War, that is) in motion.

The Corollary coming out of the actual Nuremberg Tribunal reads:

"1. The voluntary consent of the human subject is absolutely essential.

This means that the person involved should have legal capacity to give consent; should be so situated as to be able to exercise free power of choice, without the intervention of any element of force, fraud, deceit, duress, over-reaching, or other ulterior form of constraint or coercion, and should have sufficient knowledge and comprehension of the elements of the subject matter involved, as to enable him to make an understanding and enlightened decision...."

As you can see, the meaning is even more explicit than the UNESCO Declaration.

Both apply and both can be used to defend your decision not to vaccinate yourself or your family members.

A brief note about UNESCO --- it was created and staffed by prominent Eugenists including Julian Huxley, brother of Aldous Huxley, author of Brave New World. Bill Gates' Father, Bill Gates, Sr., is also a UNESCO veteran and apparently, following in the footsteps of the Eugenics Movement and encouraging his son to do the same.

The problem with the Eugenists is their proclivity toward violent elitism and willingness to play God for what they call "the Greater Good" ---- which, of course, they don't know, but they are willing to impose their vision of it on everyone else, nonetheless.

So you can take your stand with the True God, or you can let the Eugenists and the deplorable, morally depraved Eugenics Movement, kill off and/or sterilize and definitively abuse the majority of people on Earth---- and all in their mad quest for

domination and expression of their elitist view of "human evolution" and what that "should" be.
