

## Note About The Great Abomination

By Anna Von Reitz

As a child I used to wonder what Jesus was talking about -- what is the Great Abomination? How could it "stand" anywhere--and how would we be able to judge whether or not it was standing somewhere it should not be?

The answer is that the Great Abomination is an ancient and evil False Religion based on idolatry.

And the chief symbol of this False Religion is the ubiquitous "goddess" and founder of this religion: Semiramis.

Semiramis is also known as the Queen of Heaven, Ashtoreth, Astarte, Isis, Cybele, and Columbia.

She is always pictured as a beautiful woman with a spiked crown or rays of light coming out of her head, sometimes holding a lamp, usually accompanied by her pet owl, Molloch.

An idol is a statue and a statue can stand on its fake feet made of whatever material, can't it?

And what do we have standing in New York Harbor but "The Statue of Liberty"-- a beautiful woman, holding a torch, wearing a spiked crown.

Why shouldn't she be standing anywhere near our shores? Because our country is all about freedom---not liberty, which is what Semiramis is selling.

"Liberty" is what sailors get when they reach port. Liberty and "libertine" are from the same root word and basic concept.

So, yes, indeed. The Great Abomination is literally "standing where it should not stand".

Part of this False and Evil and Idolatrous Religion is to make all forms of sex a sacrament. This is why the Bible calls homosexuality and bestiality "abominations"-- because these are part of the religion of the Great Abomination, which also practices infanticide, "temple" prostitution, pedophilia, necrophilia, cannibalism, vampirism, human sacrifice, lying as a sacrament (to honor the Father of All Lies) etc.

Now you can get a view of what Franklin Delano Roosevelt was talking about in his First Inauguration Speech- what his "Holy cause" and religion really was.

You can also better grasp what gave rise to 18 USC 1001, subsections A and B, which legalize lying.

I have never visited the so-called Statue of Liberty, but I would be willing to bet that if you go there and look sharp you will find other emblems of this religion--- owls, swastikas, compass roses, stars, including Stars of David (which predates Judaism and isn't Jewish) all-seeing eyes and equal-armed crosses embedded in the masonry or tiled surfaces or other fixtures there.

You will also find Semiramis's owl --Moloch, who eats babies, perched in the corner of the \$1 Federal Reserve Note.

I don't think we need any other proofs to wake up and realize that this ancient evil has again come forward and that the prophecy has been fulfilled.

Washington, DC, is full of symbols associated with the Great Abomination. The Washington Monument is a giant phallic symbol. The Pentagon is a five-pointed star. And where is this located? The District of Columbia.

Columbia is just another name for Semiramis. You have seen her for years as the trademark of "Columbia Pictures".

You will see the same kinds of symbols "adorning" St. Peter's Square and all over the Basilicas and Churches in Rome---yes, these emblems and worse, once you wake up and realize that you are seeing gaping vaginas and vampires feasting on children and demons eating human flesh on every other frieze.

Christianity wasn't the only suppressed religion in Rome at the time of Constantine. So we have The Church of Rome and The Roman Catholic Church and you finally know the reason for the split between "Roman Orthodoxy" and "Eastern Orthodoxy".

Ideas like "transubstantiation"-- the idea that communion wine turns literally into blood--- which is clearly a creeping in of the blood drinking practices of Satanism, infected the Roman Church.

The unmarried priesthood is another pollution from The Great Abomination and has no basis in the traditions of Judaism or the Early Christian Church. It does however serve as a drawing card for homosexual men to get involved in Church careers and administration.

So there is the short course in what the Great Abomination is and how it now stands where it should not stand, how it has sheltered itself for centuries in tandem with The Roman Catholic Church, and how it has gained a toe-hold in the modern world.

Now that you can see it parading around in plain view-- what are you going to do about it? Stand around and watch as little babies are murdered and eaten in broad daylight?

You heard the proposed legislation legalizing infanticide this past week. What more do you need to know or hear?

Form up your State Jural Assemblies, expose this horror for what it is, and put an end to it. Enforce the Public Law.

There is just one other thing about The Great Abomination--- the Living God hates it with a passion and won't abide it, so any nation that tolerates it is condemned.

His hand is against them and all their works and all their ways forever.

In the days of Noah, he destroyed them. At Sodom and Gemorrah he destroyed them. During the time of Elijah he destroyed them. In Sumeria and Babylon he destroyed them. In Egypt and Carthage he destroyed them.

And he has said that he will destroy them utterly this time. There will be no returning for them or anything they teach.

We must make haste to separate ourselves from them and remove ourselves from Babylon. We must wrest our government from out of their hands and repent.

The lives of millions if not billions of people are at risk if we turn a blind eye to any of this anymore. We absolutely must wake up and sound the alarm.
