

International Public Notice: Illegal and Unlawful Occupation

By Anna Von Reitz

Remember the very swift withdrawal from Vietnam?

After twelve (12) years of relentless pounding, billions of dollars invested in the Vietnam "War", suddenly, in [April 1975](#), it was all over and the US Government could not vacate Saigon fast enough.

You never saw such a completely disorganized, panicked, rapid, crazy exit in your lives. And what had changed, really? Nothing material. The meat grinder kept grinding. The bombs and napalm and DDT and Agent Orange kept falling.

Right up until the end.

And then, boy, howdy, Uncle Sam left lickety-split. No adulterer exiting the upper story of a house ever left his nest any faster.

We witnessed this same thing much more recently in Afghanistan. After decades of tromping around poking in caves and chasing goats and guarding poppy fields in Afghanistan, after billions upon billions of dollars spent on military equipment and support operations in Afghanistan ---- poof!

Again. Rapid exit, stage left, so fast that all the American men and women didn't get evacuated, much less friends among the Afghans, and billions of dollars worth of high-tech military equipment was simply abandoned where it [sat](#).

What's going on here, some kind of cyclic insanity? Every fifty years we lose our minds?

No, it's because the "US military" was recognized as a Mercenary Force, not a Military Force at all. Their continued occupation of a foreign country was illegal and unlawful and immoral, so they were shunted out quicker than poop from a fat goose.

So, why are they still occupying Japan, Western Europe, the entire former British Commonwealth, the British Isles, and significant parts of the Middle East, not to mention our country, The United States?

They didn't have the authority to declare any actual War in the misnamed American Civil War, nor did they have a Congress competent to declare war in any following conflagration.

All of these so-called "wars" --- the American Civil War, the First World War, the Second World War, Korea, Vietnam, Iraq I and II, Afghanistan, Libya, Mali, and innumerable smaller incursions, have all been illegal Mercenary Conflicts, owed no benefit or dignity under the Law of War.

So, we repeat --- what are these Bounders doing in all these "occupied countries"?

These reptiles have been charging their operating expenses as Mercenary Forces to the American people, illegally conscripting our children under the Selective Service Act, and delivering the profits from all this criminal activity to foreign interests -- to the British Crown, the British Monarch, and the Popes.

Read their contract --- any one of the three (3) Federal Constitutions. What are they supposed to be doing here? Defending our country. Period. Not going out and attacking other countries. So anything and everything that they have been employed in of an "extra-curricular" nature, has self-evidently been done in the service of someone or something else. Not us. Not the "Americans".

Let us suggest that these U.S. and UNITED STATES Mercenary Forces have been deployed by the British Crown and British Monarch and the respective Popes, and that those operating as "Presidents" are merely the Presidents of the British Territorial Corporation doing business (deceptively) as "the

United States of America, Incorporated" and the Municipal United States version, UNITED STATES--- Incorporated.

Literally millions of Americans have been illegally conscripted and deployed under grossly False Pretenses, thinking that they were fighting for their country, when in fact, they were being deployed as Foreign Mercenaries by for-profit, privately owned foreign corporations in the business of providing "essential government services".

This is the literal truth, and is easily verified.

"America" isn't the culprit. America has been the trusting stooge. And victim.

The British Government, both the Monarchy and the Government of Westminster, working in collusion with the Municipal Government of Rome and the "Holy Roman Empire" ---- are the ones responsible for these atrocities and for the recent genocide and attempt to redefine living people as Genetically Modified Organisms -- aka, Transhumans.

Why didn't we come forward before? We did. We have been bringing this forward from the moment we realized it in 1998. How much more damage and misery and death could have been avoided, if everyone addressed by this email and by these communications, had listened?

And upheld their duties and responsibilities as elected officials and as government officers and employees?

Notice to Agents is Notice to Principals; Notice to Principals is Notice to Agents.

I affirm under penalty of perjury under the laws of The United States of America, that these facts and the history associated with them are easily confirmed, and that we, the lawful Government of this country, have been loyally bringing forward our objections since we first became aware of them in 1998 without redress.

Just as these Mercenary Forces disguised as lawful Militaries have been obliged to vacate Vietnam and Afghanistan, they must be obliged to vacate

their occupation of The United States, Western Europe, Japan, the former Commonwealth, the Middle East, and everywhere else these "Territorial Forces" have been deployed.

The Governments of the Vatican City, aka, Holy Roman Empire, the British Monarchy, Westminster, and their associated commercial and municipal corporations, are at fault for all of this.

We are not addressing this against the people of England, Ireland, Scotland, and Wales, who have suffered with the rest of us. Nor are we addressing this against any hapless American illegally enlisted or conscripted without benefit of full disclosure.

We are addressing this against the offending corporations and their foreign Principals, who have operated for many decades as a collusive crime syndicate on a worldwide basis. These corporations and their actual ---as opposed to purloined and imaginary franchises--- are guilty of horrific crimes against humanity.

They deserve to be hunted down and eradicated as Legal Fictions and prevented from assuming any position of power or right or economic control over any living man or any nation of living men, ever again.
