

Announcing Joint US CORP/ CCP Illegal War Operation

By Anna Von Reitz

Circa 1965 the push began to relocate The Beast, otherwise known as the Anglo-American Axis (yes, as in Nazi Axis) to China and to use China as the new Host for the Parasite. Kim Goguen put the date at 1975, but that was actually the end of the first ten year phase of it.

I also told you how the British Territorial Government came in here and assumed a "custodial interest" in the Western States formed during and after the so-called American Civil War.

These States could not be formally enrolled as States of the Union, because the actual States were not in Session. As a result, these States-in-Waiting were run as British Territorial "States" until the first of [October 2020](#), when they were all enrolled.

However, in the meanwhile, the Queen cut a deal with China in 2015 agreeing to sell them all sorts of property that she "took title to" in The United States for a new "agricultural and mining" colony for the Chinese --- including all of the Western United States and Canada.

Remember when I objected to the Chinese plan to come in here and start gold mining? The Queen had also sold her Tribute Share -- ten percent of all gold mined in America -- to China. But it's not her gold until it's mined.

We never gave them, the Brits, permission to come here and mine it for themselves. I told the Queen that she might own that ten percent in the ground, but she didn't have any right to move a cubic centimeter of our land and soil to get it. So the Chinese backed off.

The Chinese feel that they must expand to new land masses and take over more arable land in order to care for their population.

The murder of over nine million innocent people in this country thus far is the result of this Sino-British agreement, with the Anglo-American Axis being represented by the US CORP, but actually being manipulated by its parent corporation, the UN CORP.

On a completely different tack, seeking to nail down the reason for the startling decrease in population projections issued by Deagal in 2017, yielded this research--- I am reposting it here in the Public Interest of the entire world:

The Secret Speech of General Chi Haotian

In 2005, THE EPOCH TIMES acquired a secret speech given by Defense Minister Chi Haotian to high-level Communist Party Cadres sometime before his retirement in 2003. Details given in Chi's speech coincide with previously unpublished defector testimony on Sino-Russian military plans.

"Only countries like the United States, Canada and Australia have the vast land to serve our need for mass colonization....

;;;We'd rather have the whole world, or even the entire globe, share life and death with us than step down from the stage of history! Isn't there a "nuclear bondage" theory? It means that since nuclear weapons have bound the security of the entire world, all will die together if death is inevitable. In my view, there is another kind of bondage, and that is, the fate of our Party is tied up with that of the whole world. If we, the CCP, are finished, China will be finished, and the world will be finished....

....We need to liberate them. Second, after solving the "issue of America," the western countries of Europe would bow to us, not to mention Taiwan, Japan and other small countries. Therefore, solving the "issue of America" is the mission assigned to the CCP members by history.

Instead, when revising the Constitution this time, for the first time we clearly specified "March of the Volunteers" is our national anthem. Thus we will understand why we constantly talk loudly about the "Taiwan issue" but not the "American issue." We all know the principle of "doing one thing under the cover of another." If ordinary people can only see the small island of Taiwan in their eyes, then you as the elite of our country should be able to see the whole picture of our cause. Over these years, according to Comrade Xiaoping's arrangement, a large piece of our territory in the North has been given up to Russia; do you really think our Party Committee is a fool?

To resolve the issue of America we must be able to transcend conventions and restrictions. In history, when a country defeated another country or occupied another country, it could not kill all the people in the conquered land because back then you could not kill people effectively with sabers or long spears, or even with rifles or machine guns. Therefore, it was impossible to gain a stretch of land without keeping the people on that land. However, if we conquered America in this fashion, we would not be able to make many people migrate there.

Only by using special means to "clean up" America will we be able to lead the Chinese people there. This is the only choice left for us. This is not a matter of whether we are willing to do it or not. What kind of special means is there available for us to "clean up America"?

Conventional weapons such as fighters, canons, missiles and battleships won't do; neither will highly destructive weapons such as nuclear weapons. We are not as foolish as to want to perish together with America by using nuclear weapons, despite the fact that we have been exclaiming that we will have the Taiwan issue resolved at whatever cost. Only by using non-destructive weapons that can kill many people will we be able to reserve America for ourselves. There has been rapid development of modern biological technology, and new bio-weapons have been invented one after another. Of course, we have not been idle, in the past years we have seized the opportunity to master weapons of this kind. We are capable of achieving our purpose of "cleaning up" America all of a sudden....

....From a humanitarian perspective, we should issue a warning to the American people and persuade them to leave America and leave the land they have lived in to the Chinese people. Or at least they should leave half of the United States to be China's colony, because America was first discovered by the Chinese. But would this work? If this strategy does not work, then there is only one choice left to us. That is, use decisive means to "clean up" America and reserve America for our use in a moment. Our historical experience has proven that as long as we make it happen, nobody in the world can do anything about us. Furthermore, if the United States as the leader is gone, then other enemies have to surrender to us.

Biological weapons are unprecedented in their ruthlessness, but if the Americans do not die then the Chinese have to die. If the Chinese people are strapped to the present land, a total societal collapse is bound to take place.

According to the computation of the author of Yellow Peril, more than half of the Chinese will die, and that figure would be more than 800 million people!....

....If our biological weapons succeed in the surprise attack, the Chinese people will be able to keep their losses at a minimum in the fight against the United States....

....Here some people may want to ask me: What about the several millions of our compatriots in the United States? They may ask: aren't we against Chinese killing other Chinese?

These comrades are too pedantic; they are not pragmatic enough. If we had insisted on the principle that the Chinese should not kill other Chinese, would we have liberated China? As for the several million Chinese living in the United States, this is of course a big issue. Therefore, in recent years, we have been conducting research on genetic weapons, i.e., those weapons that do not kill yellow people. But producing a result with this kind of research is extremely difficult....

....Of the research done on genetic weapons throughout the world, Israel is the most advanced. Their genetic weapons are designed to target Arabs and protect the Israelis. But even they have not reached the stage of actual deployment. We have cooperated with Israel on some research. Perhaps we can introduce some of the technologies used to protect Israelis and remold these technologies to protect the yellow people....

....Therefore, we have to give up our expectations about genetic weapons. Of course, from another perspective, the majority of those Chinese living in the United States have become our burden, because they have been corrupted by the bourgeois liberal values for a long time and it would be difficult for them to accept our Party's leadership. If they survived the war, we would have to launch campaigns in the future to deal with them, to reform them....

....It is indeed brutal to kill one or two hundred million Americans. But that is the only path that will secure a Chinese century in which the CCP leads the world....

....If you get on the website (referenced above) using keywords to search, you will find out that a while ago comrade He Xin pointed out to the Hong Kong Business News during an interview that: "The U.S. has a shocking conspiracy." According to what he had in hand, from [September 27](#) to [October 1](#), 1995, the Mikhail Sergeevich Gorbachev Foundation, funded by the United States, gathered 500 of the world's most important statesmen, economic leaders and scientists, including George W. Bush (he was not the U.S. president at the time), the Baroness Thatcher, Tony Blair, Zbigniew Brzezinski, as well as George Soros, Bill Gates, futurist John Naisbitt, etc., all of the world's most popular characters, in the San Francisco Fairmont hotel for a high-level roundtable conference, discussing problems about globalization and how to guide humanity to move forward into the 21st century.

According to what He Xin had in hand, the outstanding people of the world in attendance thought that in the 21st century a mere 20 percent of the world's population will be sufficient to maintain the world's economy and prosperity, the other 80 percent or 4/5ths of the world's population will be human garbage unable to produce new values. The people in attendance thought that this excess 80 percent population would be a trash population and "high-tech" means should be used to eliminate them gradually.

Since the enemies are secretly planning to eliminate our population, we certainly cannot be infinitely merciful and compassionate to them. Comrade He Xin's article came out at the right time, it has proven the correctness of our tit for tat battle approach ... [and] Comrade Deng Xiaoping's great foresight to deploy against the United States military strategy.

Certainly, in spreading Comrade He Xin's views, we cannot publish the article in the Party newspapers, in order to avoid raising the enemy's vigilance. He Xin's conversation may remind the enemy that we have grasped the modern science and technology, including "clean" nuclear technology as well as biological weapons technology, and we can use powerful measures to eliminate their population on a large scale....

....Now, it seems like we are in the same critical period as the "horses were drinking water" in the Yangtze River days in the revolutionary era, as long as we resolve the United States problem at one blow, our domestic problems will all be readily solved. Therefore, our military battle preparation appears to aim at Taiwan but in fact is aimed at the United States, and the preparation is far beyond the scope of attacking aircraft carriers or satellites....

....Marxism pointed out that violence is the midwife for the birth of China's century. As war approaches, I am full of hope for our next generation....

Unquote.

So, there you have it, tied up with a bow.

The vaccine injects agents that act as transponders sensitive to 5G transmissions and basically, are weaponized so that when a kill frequency is issued, the victims die as if they were in a giant microwave, coagulated from the inside out.

Kim Goguen's story that these transmissions were tied to individualized vaccine codes makes total sense. Let's also hope she was accurate about the military operation to disable the codes. If so, they can send out their 5G signals and go blind. Nobody will fall down dead like a rotisserie chicken in response.

However, that Fast Action would only be employed (it was tested in Wuhan and Shanghai) if the Perpetrators got desperate and needed a fast end to things. Remember, the Chinese need everything to be "clean" here --- so they can move in and begin their agricultural and mining projects without having to bury millions of dead bodies.

So they also prepared a Slow Action, in which all the Americans and other innocent people worldwide are targeted for "relatively" quick death by other measures: HIV, Cancer, Heartworms, and other gunk that will kill, but take more time to do it.

Let the victims bury their own dead, then move in.

All this correlates to the list of groups that Congress exempted from getting the shots--- which included themselves, of course, but also included Chinese Exchange Students.

We have more than enough evidence to convict the members of the Congress and Joe Biden and the then-Joint Chiefs and the Captains of Industry of treason and numerous other crimes of state against this country and its government and its people, but it really goes much deeper than that.

Don't forget, in the effort to provide "cover" for their actions, the Chinese and the Tories have allowed this plague to be spread over the entire planet. The United States was the actual target, but millions upon millions in other countries were subjected to the jab, too, and billions of people worldwide stand to suffer early and miserable deaths because of this.

Envision a different outcome. Imagine that Mother Nature is much stronger and wiser than we ever thought possible. Imagine that our genetic coding and our epigenetic repertoire has been informed---not by mere millions of years of exposure to exactly such crud as this, but billions of years of such exposure?

Imagine that we can individually and collectively call upon our inner knowledge to identify and destroy the poisons, parasites, and foreign mRNA that these self-serving monsters have injected into our people --- and diabolically, all under the color of a public health mandate?

Now, imagine that they, those guilty of these crimes, are swept away like dry leaves in a strong wind, while all the people of sound mind and good heart remain, freed of the war-mongers and selfish elites that exist like weeds and parasites among us?

Imagine these things and you will envision The Truth and determine the outcome. You will create a new timeline, in which the CCP and the UN CORP (the parent company of which the US CORP is a franchise) -- both, do not exist.

Won't that be pleasant?

If you like, imagine those giant Party rallies in China, with everyone wearing their little uniforms and pins and so on. And then imagine all those people just breaking up the crowd, tossing away these ugly emblems, and going home to a good supper.

Imagine Klaus Schwab staring in disbelief as a moving company comes into his office and carts away the furniture.

Imagine me leaning over a glass-topped desk and smiling.
