

The January 6th Narrative Unravelled Completely

By Anna Von Reitz

We began warning people not to attend the [January 6th](#) Rally in Washington, DC, at least two months before the event. Many patriot groups and leaders heard from me personally, including the Constitutional Sheriffs and Peace Officers Association, CSPOA, and their leader, Stewart Rhodes.

The leadership of RUSA (now restyling itself as The Constitutional Republic) was also warned, along with President Trump, the various Tax Truth organizations, and anyone else who would listen.

We told them not to go. We told them it was a trap.

This was not based on any special "intel". This was based on common sense.

These people were walking straight into the Municipality of Washington, DC, a foreign independent international city-state, which is not friendly toward Americans.

The people going there thought of this as their Capitol, but the Federal Capitol has never been the American Capitol. Ever. Not in over 200 years of its history.

The American Capitol is Philadelphia, Pennsylvania.

The Federal Capitol is a foreign and separate enslave cut out of the fabric of the District of Columbia, another foreign and international set-aside, use-permitted to our Federal Subcontractors by Virginia and Maryland.

While Donald Trump styles himself as a great patriot, the Municipality of Washington, DC, is anything but pro-American or pro-Constitution. They have an entire foreign Municipal Code devoted to defrauding and disarming and depopulating our country. They have no respect for America or its principles.

They certainly don't hold themselves accountable for obeying any Constitution on their home turf.

So, knowing this, it was a no-brainer for us to raise the alarm and plead with everyone not to go to DC on [January 6th](#). We knew, more or less, what would be waiting for them: a foreign, hostile municipal corporation, ready to pounce.

Stewart Rhodes swaggered right into their trap and led a lot of other good people with him.

You don't know what you don't know.

We've tried to explain this situation numerous times, to the Colorado Nine, to the Bundys, to the [January 6th](#) Protestors..... to no avail.

Maybe this will help put things in perspective:
