

Leaving Babylon

By Anna Von Reitz

What do you think Jesus was talking about when he threw the Money-changers out of the Temple? A "Synagogue of Satan"? --Jews who aren't Jews? When he rebuked the lawyers for not saving themselves and also for standing in the way and preventing others from entering into salvation?

Let those who have eyes, see. Let those who have ears, hear.

This, what we are experiencing, is nothing new. This has been "the problem" for literally thousands of years---bankers, Satanists, and lawyers-- a trifecta of greed, evil, and protection of racketeering that endures because of our own ignorance.

What do you think it means, when you are told to "come out of Babylon"?

You have to leave the jurisdiction of Babylon--- which is now and has always been the international jurisdiction of the sea.

This is where FDR plopped you and your Trade Name-- both the "Vessel" and the "Cargo"-- as of 1933.

Pretend you are in the middle of the Exodus movie, with the Egyptian chariots on one side and the Red Sea on the other, because that --- whether you know it or not--- is where you are. And the Egyptians are closing fast.

At the last moment, a pathway has opened up---- a narrow pathway out of Babylon.

Surely, we are out here fighting the good fight for you and for this whole country and everyone in it, but that may not be enough. Why?

Because the public records have been falsified and according to those false records you have signed on and agreed to live and die as a Babylonian.

Until you take control of your own name and your own estate and rebut these false records ----and choose to leave Babylon for your own reasons and under your own power---who has the right to move you?

Put another way, you have to hike up your own skirts and walk through the Red Sea all by yourself, even after the pathway is set before you.

We are doing all we can, but you need to take action for yourself, for your own family, to write your own names in the Book of Life.

Ever wonder what that means? Book of Life?

Does it help to know that all the entities inhabiting the international jurisdiction of the sea-- that is, in Babylon-- are DEAD?

Under the current scenario, you are listed as "dead, presumed missing" and three dead corporate entities --- a Public Trust, a Public Transmitting Utility, and a Public ESTATE-- are functioning "in your name" instead.

Babylon is a dead world and everyone in Babylon is dead. Not only that, they worship dead gods and gods of death. So when you elect to stay in Babylon, you are choosing to live as if you are already dead, to be counted among the dead, and to worship death.

So is Babylon where you want to be? Or do you want to record your name in the Book of Life and live it to the full?

The land is alive and it's where we all live in truth and fact. Sailors may sail the sea and its endless, restless mirror of the sky, but it's not quite the same thing, is it?

When we record our Trade Names and establish our permanent domicile on the land and soil we are leaving Babylon behind, writing our names in the Book of Life----the records of the land jurisdiction where we belong and where we live and breathe.

And who are the Clerks of the County, the Court, and the Land Recorder's Office?

They are the "Clerics"---- the High Priests and Priestesses keeping the records of your choices, in a religious system and a system of law that took shape thousands of years before the Egyptians

So where is your Name? Drifting around, listed as "missing, presumed lost at sea".

Your name literally is not written in the Book of Life --- because it is not recorded among those people living on the land and soil of your country.

Many thousands of homeless people and refugees have already been rounded up and killed. Murdered. Burned. Drowned. It was easy for the monsters to do this, because according to the falsified public records, these people were already dead.

Why are these criminals doing these things? Simple. They are killing off their creditors to avoid paying their debts. The same thing they did in Nazi Germany.

We have reduced it down to the barest, simplest process to reclaim your political status and reinstate yourselves as living men and women. It's available for free on my website: www.annavonreitz.com.

Look toward the bottom of the page for the article #928 called "**Basic Package of Editable Forms**".

Remember the Parable of the Wide and the Narrow Path?

Right now, those of you who are reading this, are on the Narrow Path out of Babylon. No doubt that those on the Wide Path are looking at you funny and laughing and insulting you and accusing you of all sorts of things, even as they do with me.

Shake off the dust, smile, and keep moving.

I have shared the monumental work of others who compiled "We, the Sheeple vs. USA" in hopes that you will share it with the doubters in your own families and among your own friends, to open their eyes and save them, too.

Jesus told us, Gandhi told us, JFK told us, MLK told us, the millions who died in all these senseless wars--- they've all told us. And now you have first-hand testimony and accounts from three centuries' worth of famous people and public officials from around the world bearing witness to the same truth I am telling you.

These are all people who had no reason to lie.

People like Nathaniel Hawthorne and Mark Twain, Harriet Beecher Stowe, Frederick Douglas, Lysander Spooner, Congressmen Louis T. McFadden, Charles Lindbergh, General Douglas MacArthur, General Smedley Butler, General Omar Bradley, F. Scott Fitzgerald, Barry Goldwater, Voltaire, Mahatma Gandhi, Anna Akhmatova, George Orwell, C.S. Forester, G.K. Chesterton, E.B. White, Ayn Rand, Abraham Lincoln---and the list goes endlessly on.

It's time to leave Babylon. Place your names in the Book of Life -- both in your Family Bibles and in the public records of the land jurisdiction. Don't wait any longer.

The Nazi Swastika is the reversed image of the Aryan symbol for life and good luck. The Swastika means death and bad luck. Literally. And that's exactly what they, the British perpetrators of the Second World War, fully intended for the German people who were deceived by Hitler.

Yes, they were at the bottom of that pile of dog dung, too.

This is an example of how these people think and how they operate. They planned the Second World War in 1877. They chose the Swastika as the German emblem. They groomed Hitler every step of the way. They started the Reichstag Fire. They arranged the bombing of Pearl Harbor. They sent FDR as their representative to the Geneva Conventions of 1930, where he sold this country down the drain.

During the London Winter Olympics, I watched them in their neo-Druid robes marching silently around the giant effigy of a dead baby---and I knew exactly what it meant. They were placing a binding spell on the effigy---an effigy representing all the "dead babies" they had created on paper in America and Australia, in England and Scotland and Canada and Ireland, in France and in Germany, yes, throughout the world.

They were celebrating their lies and their fraud and their God of Death and their dedication to eternal war. They were sealing --- they thought --- their final victory, with a massive, solemn, public hexing ceremony akin to the witchcraft spell-binding rituals they used at Nazi political rallies.

They were doing it right in front of their intended victims, so arrogantly self-assured that we would never recognize what they were doing and never take action against them, that they broadcast the evidence of their evil to the whole world.

So, come out of Babylon, for its destruction is assured. Their "gods" are dead, in chains, or on the run. It's time to come out of the darkness, into the fresh wind and the bright spring sun.
