

## Today's Lie Rebuttal Grab Bag

By Anna Von Reitz

Lie Number One: TVM -- Tribucio Marcos is the signatory on the world trust accounts. This is ridiculous.

TVM wasn't appointed by his Father, who didn't trust him with any such responsibility, and neither should anyone else.

The actual purported "donors" of the major part of the gold in storage in the Philippines never appointed anyone in the Philippines to act as our trustees.

That was done "for" us by the Scottish Interlopers that operated "under our names" from 1868 to 1907, and the dirty deed was finished in 1934, when their Roman Municipal Successors created an "independent government for the Philippines" so that the Philippine Government could act as Trustees "for" us.

All this was done "for" us and "in our names" without our knowledge or consent or any authority on any of their parts to act for us in these matters at all. Here is what is documented and what actually happened:

A. The Scottish Interlopers had no permission to buy the landmass of the Philippine Islands using our money and acting in our names, but they did so as part of the aftermath of the Spanish-American War.

B. They had no permission or right to transport our gold to the Philippines, but they did so.

C. Their Successor doing business as "the" United States of America had no right to create an independent government for the Philippines but they colluded to foist the role of Trustee over our gold on their own newly created "independent" government of the Philippines.

D. This is how our American gold came to be in the Philippines when the Japanese walked in and seized control of it for a while during World War II.

E. The Japanese lost the war and it was never "Yamashita's Gold". It was our American gold heisted by the Brits and the British-owned US NAVY, Inc. and transported to the Philippines between 1898-1907.

This is not any smoke up anyone's skirt. We have all the records, including the Congressional Records proving it. TVM has jackdiddy authority related to our gold. And neither have any of the other fraud artists.

The Presumed Donors, the American States and People, have called the question to collapse this phony unauthorized trust and require return of the American gold to our shores.

The Scots and the Queen and the Lord Mayor and the Pope are all on the point of the spear for it. This circumstance is entirely their fault and a result of their self-interested double-dealing.

And you had all better believe it, because it's your gold these pikers have commandeered in Breach of Trust, Service Contract (that is, Constitution) and Treaty. And they even had guts enough to use your Navy to transport your gold and move it to the Philippines, where they used it as chattel backing their operations.

All this was done by your misdirected Federal Employees and your supposed Allies and Friends --- the British Monarch, the Lord Mayor, and the Pope.

But as the British Monarch's role with respect to the British Territorial Government that has the 'federal' service contract with us, is that of an Overseer for the Commonwealth assets of the Pope---- it all actually all comes down to Popeykins, again.

Make no mistake that this entire boondoggle is the responsibility of the Holy See, the Holy Roman Empire 4.0 and the City of Rome, as is the gross pollution of our biosphere, the mismanagement of the United Nations organizations, the Big Lies about "climate change" and its causes, and the current ridiculous "Covid 19 Plandemic".

Big Lie Number 2: That there is not now or ever was any valid American government called "The United States of America 1781" or any such entity established in 1781.

This is just another attempted identity theft and impersonation in progress.

Our unincorporated Federation of States doing business as The United States of America was formed in 1776. We have never owned, operated, or authorized any incorporated entity to function in our name. Ever.

The entity formed in 1781 was the Confederation of States (of States) doing business as the States of America.

These obnoxious con artists need to be arrested; you would think that if the FBI can prosecute people for pirating movies for home use, that they might manage to prosecute those engaged in piracy and crimes of personation against our actual government?

Idiots and incompetents abound.

Big Lie Number Three: Covid-19 exists and is an enhanced strain of coronavirus causing serious illness on a worldwide basis.

IF any such strain of coronavirus exists, and there is absolutely nothing to suggest that it does, it would melt at 77 degrees Fahrenheit and we would see a natural decline of cases in the summer.

That's why "seasonal flu" is seasonal.

Instead, we observe the opposite occurring which means it is not a corona virus causing increased hospitalizations in hot places like Florida and Texas.

I and two Japanese Nobel Prize winners and thousands of medical doctors worldwide agree. This is all BS.

Our government has offered a \$50 billion dollar reward to anyone who can prove the whole Covid-19 scenario that has been foisted off on the public, and nobody has appeared to collect.

So, if not a coronavirus, then what?

The Italian Government has told the world that it is a bacteria that causes blood coagulation (thick blood syndrome -- similar to what our Iraq II vets are suffering from) and that reduces the oxygen carrying capacity of blood resulting in pulmonary crisis.

The successful treatment protocol being used by the Italians: 100 milligrams of aspirin and prescription strength Tylenol and Aleve.

This disease appears to have resulted from ill-fated attempts by the military to "improve" on nature's blood-clotting responses.

So, just remember---- if they could lie about the Atom Bomb and get away with it, they figure they can lie about anything else.
