More Ammo in the Territorial United States Code

Thanks to an alert researcher, we have definitively located the "negative enactment" regarding false claims of citizenship.

Everyone please read 18 USC 911.

Bring this forward in Territorial Court and slap the vermin who are bringing false claims against you silly.

"And by the way, your Honor, in your own Federal Code if I may bring it to your attention, there is the matter of 18 USC 911 to be addressed....."
