

## More Proof That T-ROH is Crazy Crap

By Anna Von Reitz

I exposed the completely ridiculous nature of the claims being put forward by Keith Livingway and his band of Merry Men, so they answered by issuing an "International Arrest Warrant" for a non-existent person --- an "Anna" Hapsburg no less---and other innocent people that these cretins have absolutely no relationship with, and no authority over.

Which goes to underscore the fact that these people are dangerously delusional, vengeful, and basically dishonest because they won't accept correction when they are shown to be wrong and won't respect the rights of others to voice their opinions and won't admit their wrong-doing in stealing the work of other people and claiming it as their own.

Here's an example of their unsubstantiated lunatic BS:

And here's my answer back:

Yeah, good luck with that. Someone should have issued an arrest warrant for Keith Livingway as a nutcase and as a plagiarist and copyright infringer. I am trembling in my shoes, since none of you can come back from Costa Rica, and if you do, you won't be welcome. But why don't I issue an international arrest warrant for all of you? At least I have a logical basis for the authority to do so. I repeat:

A piratis et latronibus capta dominium non mutant.

Any property captured by pirates does not change ownership.
