Further Notice to the Pope and to the members of the Vatican Chancery Court:

The deliberate infection of flocks of chickens in this country with Avian Flu and the consequent destruction of entire poultry farms resulting in skyrocketing egg prices is additional circumstantial evidence of deliberate murder and malfeasance and corporate lawlessness requiring action by the Vatican Chancery Court and Pope Francis to force the involuntary dissolution of the guilty corporations involved in creating, promoting, and profiting from fraud, medical racketeering, medical profiteering, and genocide.

As you all know by now, the principal method of murder chosen by the guilty profiteers is a form of AIDS nicknamed "VAIDS".

VAIDS gradually overwhelms the immune system, because the body is itself producing a foreign protein, called "the Spike Protein", which the immune system has to fight and fight and fight....until it gradually wears out.

At that point, any number of opportunistic infections or organ failures finish the patient off.

In effect, the Vermin have given everyone who received the vaccination a form of AIDS, which just happened to be Dr. Fauci's specialty and claim to fame --- AIDS research.

This has actually been done with malice aforethought by corporations who thought they were immune from prosecution for their crimes.

The insurance corporations were eager to get rid of the "end of life" expenses of millions of American Baby Boomers. So the elderly were targeted.

The pharmaceutical corporations were eager to sell the government corporations billions of dollars worth of products, both PCR tests that don't work to test for any disease, but do work to help spread diseases, and, "vaccines" that cause disease directly via poisonous serum components and the injection of foreign mRNA.

The hospitals and doctors that were licensed by the same guilty government corporations acted under coercion, for fear of losing their licenses. That was used as "the stick" to insure their participation and compliance. They were also rewarded with a very attractive "carrot" in the form of kickbacks --- rewards --- for using only approved "covered countermeasures" known to be ineffective and harmful, e.g. Remdesivir, and more kickbacks in the form of generous payments for every patient the doctors and hospitals identified as having died of so-called Covid.

Under Ecclesiastical Law which governs the functions of the Air Jurisdiction, the Pope is uniquely responsible for dissolving any and all corporations caught engaging in unlawful activities. The injury has been adequately demonstrated in the "excess" death statistics that have accrued and now amount to 7,500 excess deaths per day in The United States alone, in the five-fold increase in medical services / hospital visits, and in the vast harm done to both local and international economies.

We, the People, defined as the State Citizens of this country, and our lawful government operating in international jurisdiction, The United States of America --- Unincorporated, call upon the Pope and the Vatican Chancery Court to take prompt and effective action to dissolve the WHO, INC. organization responsible, the World Bank, which engaged in fraud via the issuance of "Pandemic Bonds", the White House Office, Inc. being run as a shell by Joseph R. Biden, and the guilty franchise PERSONS/Persons associated with this gross crime, including by not limited to the DOJ/Department of Justice, Inc, the HHS/Health and Human Services Department, Inc., Pfizer, Inc., Astrazeneca, Inc., Moderna, Inc., Johnson and Johnson, Inc., and all other corporations that have created and voluntarily participated in these crimes against the living people and their lawful governments.

We also wish for the immediate dissolution of the IMF/International Monetary Fund and the so-called US Treasury and U.S. Treasury and United States Treasury, and the return of our inheritance to our lawful Government and the people of this country to whom all physical assets belong.

Issued by: James Clinton Belcher, Head of State
The United States of America.
