

Public International Notice to the United Nations and Bank of International Settlements and World Bank

By Anna Von Reitz

Notice to Agents is Notice to Principals; Notice to Principals is Notice to Agents.

I am the Fiduciary for Julius Shiva, Owner and Assign of the Global Collateral Accounts underwriting all Central Banks, administered by the Bank of International Settlements and its Department of the Federal Treasury, bearing Witness for former Senior Trustee Giovanni Baptista Ricchello and issuing Public International Notice:

This is Public International Notice to the World Bank and its Assigns and Affiliates that Anthony Santiago Martin gave his General Power of Attorney over all assets of his that have been held and administered by the World Bank since his infancy to Julius Shiva. Cease and Desist all claims to the effect that the owner of these assets has abandoned them or left them to be disposed of by the World Bank. Control and administration of these so-called "Global Collateral Accounts" must be returned to the lawful Assign and his International Fiduciary, Anna Maria Riezinger, without further delay or obfuscation.

Similarly, the Trustees of the Federal Department of the Treasury within the Bank of International Settlements are ordered to Cease and Desist all excuses for failure to establish a new contract for the use of the private gold, silver, stocks and bonds, cash, credit, land, and other assets being used to underwrite the Central Banks and the Trustees of the Federal Department of the Treasury are hereby Ordered by the International Fiduciary for Julius Shiva to enter into negotiation and respond with Good Faith no later than Wednesday the [14th of December](#) 2022, or else shut down all operations dependent on the assets of our eighteen co-signers who have provided us with verified General Powers of Attorney, including Anthony Santiago Martin.

This is Public International Notice to the United Nations Organization that the Municipal entity operating as the World Health Organization dba WHO has committed serious economic crimes and crimes of genocide disguised as maritime commercial

business, and it must be liquidated along with its parent corporation, the UN CORPORATION, which has allowed and promoted veiled crimes of impersonation against living people in order to evade prosecution for genocide and crimes ranging from inland piracy and kidnapping to strong arm racketeering under color of law. These corporations are prohibited from receiving any funding or credit of any kind from the Global Collateral Accounts or any credit source derived from the Global Collateral Accounts until further notice. Any country or government failing to prosecute these crimes will similarly be denied. All surveillance grids, human tracking systems, and digital currencies must be scrapped and payment for all this illegal and immoral activity must be charged back against the accounts of the individuals, banks, and commercial corporations responsible.
