

International Public Notice: To NATO -- We Are Not Paying For It

By Anna Von Reitz

We see your paltry moves shuttling 90,000 men around. What's that to you? Twice the population of Gaza. We see how much you cared about those lives, too.

We are not going to pay for any incursion into the Ukraine or attacks against Russia, and we won't put up with any illegal conscription of our youth based on unconscionable undisclosed contracts misrepresenting them as British Territorial U.S. Citizens.

Not only are we not going to pay for one peso of your staff time or your enlisted time or your support staff time, we are going to charge you for every piece of equipment you damage and put mileage on, every gallon of gas that you use, and every paperclip, too.

So not only will you not be paid for your "service", you will be charged back for it.

We are charging one (1) Trillion USD for every American maimed or murdered because of your war-mongering.

Is that clear?

We are your Employers and it is our definition of "defense" that counts, not yours.

This is your Second Notice.

Notice to Agents is Notice to Principals; Notice to Principals is
Notice to Agents.
