

International Public Notice: NSA Implicated

By Anna Von Reitz

The so-called ASBLP Accounts are funded directly from the accumulation of interest and investment receipts owed to the Avila Family Trust and are owed to the Inheritor of the Avila Family Trust, who is also a donor. It's that simple.

Demetrius (variously spelled) Julius Shiva is the Inheritor, because Francorito Miguel Cortez de Avila and his daughter Flordeliza made it so, and this was affirmed by the Probate Court of the Philippines and United States District Court in Illinois.

The exact accounting related to these funds was carried out by the Senior Trustee of the Department of the Federal Treasury, Giovanni Batista Riccello, and was completed and published in 2010. These are all monies based on the use of Avila Family Trust assets and they are all owed back to the Inheritor/Donor who permitted the banks to use his assets under stipulated agreements that ended in 2005.

Since then, these criminal organizations have simply stonewalled and pretended that the actual Inheritor/Donor, whose name appears on their contracts, doesn't exist.

The "National Security Administration" has supported this grotesque crime of impersonation and theft and abuse of private assets and needs to be investigated. It has received the information concerning the stolen assets, but it has done nothing to assist.

Likewise the Department of the Federal Treasury needs to be investigated and so do the Senior Trustees responsible for this ongoing Mess.

It is not clear what additional role has been played by the Inspector Generals and their infamous Council of Inspector Generals, but it is likely that these Miscreants simply lied -- created another Narrative, gave gold and land and other assets belonging to Demetrius Julius Shiva to their own creditors as payment for their own debts, and are now attempting to block investigation into this circumstance by the rightful Inheritor and attorney-in-fact.

This is Commercial Notice and also Due Process under Title 15 of Federal Code regarding this ongoing scheme to defraud, obstruction of trade, monopoly inducement, unlawful conversion, and inland piracy in conspiracy against The Constitution of the United States of America and The Constitution of the United States; Notice to Agents is Notice to Principals, Notice to Principals is Notice to Agents. Lloyds of London is the Primary insurance contact underwriting these assets and they are hereby being provided Notice of this ongoing situation.
