

# We Have Been "De-Humanized", Nuked, and Hacked. What Next?

By Anna Von Reitz

Below find a Rat Watch Report which explains WBAN hacking, Cesium -137 Exposure, and oodles more that you need to know in the interim while we grapple with what to do about it.

Cesium -137 is a radioactive waste byproduct of nuclear fission and one of those pollutants that was released throughout Iraq and the Middle East via the use of artillery shells packed with "spent" nuclear fuel.

This wanton act of genocide and pollution of the environment is strictly forbidden by numerous international treaties and compacts and declarations --- but that didn't stop the criminals, Harry Reid and Hillary Rodham Clinton --- from doing it anyway, and doing it in our names to boot.

Similar pollution of our environment is taking place under the auspices of the "chem trail" aerosolized spraying program initiated by the Vatican City State, and appears to be part of a long term plan to pollute the entire Earth with industrial by-product wastes.

This has multiple benefits in the minds of the Perpetrators --- it guarantees lots of sick people in need of their for-profit medical services and products, it turns targeted areas into pre-prepared killing grounds susceptible to incendiary fires like we've seen in Paradise, California and Lahaina, Hawaii, because many of these wastes are incendiary metals, and the manufacturers -- out of control corporations, are spared the expense of properly disposing of their waste products.

It's no mistake that Harry Reid, Senator from Nevada, where a lot of U.S. fission waste was stored, was at the center of the action loading artillery shells with the radioactive waste.

This deliberate pollution of the environment with dangerous substances antithetical to life and peace is part of a larger plan to "destroy the Earth by fire" a Plan which can only be described as a Do-It-Yourself fulfillment of Biblical Prophecy.

Suffice it to say that we don't "trust the Plan" and we don't propose to sit on our couches while these criminals continue their activities and do it "in our names" so that we get blamed for it and our country gets targeted because of it.

The entire problem is not with the eternally gullible Americans. The problem is with the British-Romano collusion, their oppressive caste system, their criminality, and their endless pot-stirring and war-mongering for profit, all served up with a peculiar taste of sanctimonious cult-based elitist religiosity.

Enough already. The illusion is blasted, the "cover" is gone. Everyone turn your missiles and nukes on the actual culprits for once.
