

Outting Arnie Rosner (Scanned Retina)

By Anna Von Reitz

At first, until he realized that he wasn't going to be able to get me to lead any kind of insurrection, Arnie Rosner befriended me and championed the information I was bringing forward.

But as soon as he realized that I was non-violent and lawful in my approach, he dropped me like a rock and claimed that I was a "Vatican Agent".

...

Now, just today, I have accused him of being a Zionist Agent, which amounts to the same thing as a Vatican Agent, because in the sense he meant it, both are Satanists and neither are Jews nor Catholics.

So, he did follow their Standard Operating Procedure and accuse me of being what he is himself, and now, I am returning the compliment.

The Zionists have been aching to get something going on our soil --- another mercenary conflict, another civil war. They would like nothing better than a little "insurrection" so they could bring out the canons and SWAT teams and start mowing innocent people down.

That's how they make money. A lot of money.

And killing off their Priority Creditors means that they never have to pay us back.

They can also collect over a million dollars a head for every one of us killed in "Life Force Value Annuities" and "Life Insurance".

Then, once we are dead, they can come in and claim all our "abandoned" property.

Finally, they can charge our grandchildren for the "service" they performed getting rid of us.

That's what they did to the Russians during the Russian Revolution and what they did to the actual Jews in Germany and that is precisely the same song and dance of inciting violence that Arnie Rosner has been doing for the last couple of years.

Anyone promoting violence of any kind should be marked and marked well as an Enemy of our Country and our People. They are promoting action that will provide an excuse for mercenary thugs to invade us under the pretense of "peacekeeping".

Have nothing to do with Arnie Rosner or anyone else like him preaching violent revolt and talking nonsense about "critical mass" and cheer leading to get former veterans involved in marches and other activities calculated to spark tempers and allow violent incidents.

Play cool. Play smart. Get even. Give them no excuse.

And shut your ears to the Arnie Rosners of the world who are trying to get us to revolt and take violent actions. That's what he wants. Not what we need.
