Dear Sirs:

As I have already brought to your attention millions of Americans have been defrauded and have suffered mischaracterization of their political status.

I am a living woman whose nativity came on June 6, 1956 on the land of the organic wisconsin state. These are Matters of Fact.

The governmental services corporation doing business as the United States of America, Inc. and its franchise known as the State of Wisconsin were in Chapter 11 Reorganization at the time. These are also Matters of Fact.

According to the sworn and recorded affidavit of my Mother the only Party having first-hand knowledge of the facts, unidentified people came to her immediately after 36 hours of labor and employed semantic deceit and confusion to misrepresent registration of a commercial vessel as recording of a physical birth and to misrepresent the Federal United States as the Continental United States and thereby secured her signature on a misrepresented and undisclosed contract naming the State of Wisconsin franchise of a self-interested private, mostly foreign-owned governmental services corporation being operated by the Secretary of the Treasury

of Puerto Rico as the usufruct of my estate and giving them the right to copyright my given name.

The false usufructs immediately abused this role and created a foreign situs trust using my given name: Anna Maria Riezinger. They also named this foreign situs trust as a surety for their own corporate bankruptcy.

Thus in one criminal malicious act of fraud they kidnapped me from the land of my birth and into the foreign international jurisdiction of the sea—an act of press-ganging and inland piracy and unlawful conversion of political status, created a corporate persona to control and seize upon to benefit themselves, and arbitrarily defined this corporate “person” as a “citizen” as defined by the 14th Amendment of their own corporate Charter known as The Constitution of the United States of America. They also further “bifurcated title” to “me” and created a Federal Municipal CITIZEN –a Cestui Que Vie Trust created, owned and operated by the District of Columbia Municipal Corporation: ANNA MARIA RIEZINGER for the purpose of claiming my assets both public and private for the benefit of the International Monetary Fund (IMF) operating as an agency of the UN Corporation and making my ESTATE liable for payment of whatever charges the perpetrators of this monstrous scheme might address to me as the presumed “co-trustee” of the “PCT”--- Public Charitable Trust created “in my name” by these criminals.

The Secretary of the Treasury of Puerto Rico, the Bankruptcy Trustee named by the Federal Reserve, the World Bank, and the IBRD –all Secondary Creditors of the failed governmental services corporation dba the United States of America, Inc.-- finally settled the bankruptcy in November of 1999 conveniently without telling the Priority Creditors who are all the American people like me who have been railroaded and defrauded and mischaracterized as Federal United States “citizens” and Municipal CITIZENS of various stripe and who have been attacked as innocent babes in their cradles to pay debts they never owed and to live under conditions of peonage in an assumed slave status that was never theirs.

Now the same old perpetrators are trying for another round of fraud upon the American People. The International Monetary Fund dba IMF has bankrupted its own governmental services corporation doing business as the UNITED STATES and taken all its supposed “franchises” including ANNA MARIA RIEZINGER into bankruptcy with it. They have also created a brand new public transmitting utility for themselves called “Anna M. Riezinger”. They’ve even come up with new names based on my actual name and copyrighted those, too--- names like “Anna M. Riezinger-von Reitz”.

The point is--- it is all massive institutionalized fraud and you boys are responsible for ending it.

I am enclosing copies of two documents with this letter fully demonstrating the still-ongoing fraud being perpetuated. These are “Passport” documents supposedly issued under the authority of the United States Department of State that came in envelopes with the following return addresses:

U.S. Government Official Mail
300 5th Avenue, Suite 600
Seattle, WA 98104

As you will see – although my photograph appears, these documents were not issued to me. They were issued to “commercial vessels” owned and operated by the FEDERAL RESERVE that has been organized under United Nations City-State Municipal Law and their doing business name UNITED STATES OF AMERICA (INC.).

My hand-written notes appear on the color copies of these documents, explaining why they are fraudulent in nature, and are the result of malicious monopoly inducement on the part of the FEDERAL RESERVE dba UNITED STATES OF AMERICA which is not acting honestly, honorably, nor in compliance with any contract I am party to and which is seeking to secure my assumption and agreement with regard to their deliberate and self-interested mischaracterization of me and my status under conditions of non-disclosure and abundant semantic deceit.

My experience is the same as that of 360 million other Americans. The rats have a monopoly on the issuance of American Passports, so they are utilizing this as a coercive means to force people to agree to enslavement as chattel collateral benefiting their corporations----- resulting in peonage, enslavement, kidnapping, unlawful conversion, identity theft, false claims in commerce, and the list goes on.

Please note that none of these bogus documents mischaracterizing me as a “person” have been signed or accepted and that the duty to issue a correct passport to me, my husband James Clinton Belcher, and my son Eric Jon Belcher remains as one of the “essential governmental services” required under international law and at Article IV, Section 3, Clause 2 of The Constitution for the United States of America, of which we are all beneficiaries.

The “Federal Reserve” and its member banks have done nothing but function in collusion with the “International Monetary Fund” as crime syndicates on our shores and have worked a complex and institutionalized racketeering and enslavement fraud scheme on our soil.

Both these organizations--- as demonstrated by the material evidence presented with this letter and public records--- deserve to be summarily liquidated and the continuance of the associated malicious frauds carried on by their various storefronts including the “USA” and “FBI” and “BLM” and their Bankruptcy Trustees who are also colluding in self-interested fraud against the American People indicate that all these associated organizations need to be liquidated and/or placed under completely new and contractually compliant management as well.

When my son came to this Earth I was accosted while still in a delirium of pain and told that I “had to” sign the paperwork that the minions of these corporations shoved in front of me ---or my baby would be kept by the hospital and not allowed to go home in my custody. I was literally threatened and coerced by the physical theft of my newborn into signing these fraudulent “agreements” at a time when I couldn’t even read them.

At the time, such forceful duress over what was also at the same time misrepresented as an innocent recording of an event made no sense, but you can now appreciate that these kidnappers were intent on selling my son into slavery for their own benefit, seeking to seize upon and register the name I gave him, and to name their corporation as his usufruct.

It is only a question of how much more property must be destroyed and how many more lives must be lost to bring this depravity to a permanent stop.

No more vile and dishonorable crime can be imagined than that full grown men and women working in behalf of these banks and their storefront governmental services corporations have preyed upon innocent babies and women just out of childbirth. Now that the stinking pile of dog dung has been presented to you for direct examination, perhaps you feel the same way?

And now, how many times do we have to say, "NO, I do NOT consent." before someone gets off their rump and honors all the verbiage contained in the United Nations Charter?

How many times do innocent Americans have to suffer enslavement and kidnapping and armed extortion under color of law before you, Secretary Kerry, cut through the self-serving lies and issue correct passports for State Nationals?

I am also including a scanned copy of the authenticated "Birth Certificate" issued by Secretary Kerry's Office for ANNA MARIA RIEZINGER. You will note that the DEPARTMENT OF STATE is the Guarantor owing "full faith and credit" and that the DEPARTMENT OF STATE is part of the bankrupt UNITED STATES, INC.

Let me inform both of you that I am not and never was the equivalent of any bogus Cestui Que Vie Trust established "for me" by the UNITED STATES, INC. and am not the equivalent of any public transmitting utility established "for me" by THE UNITED STATES OF AMERICA, INC., either. Neither is my husband and neither is my son. We are Wisconsinites, Washingtonians, and Alaskans respectively and you had better believe it.

You had both better deal with this criminality or you will most certainly be blamed for it and considered criminals along with the long-dead perpetrators of this fraud.

Sincerely,

anna maria riezinger, non-negotiable autograph, all rights reserved
