Ain't no Rock 'n Roll

We have been bought and sold like cattle by the British Crown Corporation and the Government of Westminster, backed up by the Roman Curia. They are the enemies of humanity.

It's their money funding this, and tragically, your money that they stole from you.

So now is the time for the great change to come, and for us all to wake up and "Just Say No" to what they have done and what they have planned for us.

Every day at six in the morning and six at night, focus your attention on your own heart and breathe deeply while counting backward from 100 to 0. Free your mind from troubling thoughts and questions. Breathe. Allow Nature to come into your being. Let go. Let all the world's madness go.

When you have done this and you are relaxed and centered in yourself again, hum whatever sound or tone feels natural at that moment. Just breathe the sound out. Don't care about how it sounds. Just let it out. Do this as long as it feels right, then stop and be silent. Just breathe.

Think of the world as you would like it to be. See the Earth renewed. Imagine all the evil people gone. Simply vanished. No war, no strife, all of that, simply gone. They no longer inhabit the Earth.

All those who remain are healers and caretakers, peaceful people who speak truth. No more forked tongues among us at all. They are gone as if they never were.

No more war-mongers. No more Netanyahus. No more people like him at all.

No more Dr. Faucis. No more Larry Finks. No more Evil Men. All gone.

No more sycophants, either. No Anderson Coopers. No Talking Heads on the take.

We have the power to erase these beings from our midst. We simply have to organize our thoughts and feelings to do so.

And this is what modern science tells us. This is not based on magic or religious beliefs. This is built into our nature as Co-Creators. This beyond all else is what they are afraid of.

So now as we begin to grasp the strength of our power, all 33 Trillion volts, each, let us begin this practice. As the day progresses, a portion of humanity will be focused every hour of the day, and so, the action will be continuous. At the stroke of six, a new cadre of people from another time zone will take over.

There will be no way for them to overcome or resist. They will be under constant assault from our massed energetic Will. The communication will be deafening for them. They will not be able to rest. They will not be able to live in our consciousness.

Let's stop the war and the narratives and the politics dead in their tracks.

Let's stop the idolatry and evil in our midst.

We can do this. It's simple. It costs nothing to do, but the few minutes it takes, twice a day, wherever we all. No more killings. No more rapes. No more money wasted on evil.

No more Pretend Kings, Pretend Monarchs, or Pretend Emperors. No more evil at all.

Put your heart and soul into the world you want to see, and you will see it. This is a guaranteed law of physics.
