

## The GIFT - Pillar to Post

By Anna Von Reitz

When I dug deep and down the rabbit hole, I was told that the Municipal PERSON -- aka --- Strawman, was a gift. Well, it was "conferred" on all of us without our knowledge or consent, based on the false presumption that we were British Territorial United States Citizens and "Wards" of their States of States, but giving us a "mask" --- a "person"--- that is slave and a criminal by definition is not my idea of a gift.

So what is really going on?

A scheme by the colluding criminal commercial corporations to get us in a crossfire and get us "both coming and going" -- and all under three false presumptions:

- (1.) The false presumption that we are or ever were British Territorial United States Citizens;
- (2.) The false presumption that we are or ever were a Municipal Citizen of the United States;
- (3.) The false presumption that these two options (above) are the only possibilities.

In fact, our States of the Union and our Lawful Persons were here before any of the British Territorial United States Citizens and before any Municipal Citizens of the United States, either.

The "US Citizens" were created by the Constitutions.

We were created by God.

So, they simply tell Big Lies about us, and keep us defending ourselves, first as a Municipal and then as a Territorial Citizen---- and at no time are we either one.

It's just one big, jolly Lie Fest with the Brits telling lies about us on one side and the not-so-holy Romans telling lies about us on the other.

No wonder we are confused.

I suppose we could respond in kind by wantonly telling lies, but the Truth is far more devastating.

"I act exclusively as a lawful person. Where's your authority to address me?"
