

Plaintiffs are Debtors, Defendants are Creditors

By Anna Von Reitz

This PDF from the Corporate Tribunal's Administrative Office is evidentiary proof that the Plaintiffs including the "Government" in all these Municipal Court Cases are the Debtors and the Defendants in all cases are the Creditors.

<http://annavonreitz.com/ao430.pdf>

It's admitted right there in black and white.

So now we have proof in their own hand that what I have told you about them, that they are persecuting their own Creditors is true. They are persecuting their own Creditors to extract more assets and credit from the Creditors against the Creditor's will.

This is also the motivation for killing their Creditors just as the Nazis did, to avoid having to pay us back and give them free rein to seize all our "abandoned" property.

Donald Trump as Commander in Chief and the Joint Chiefs of Staff have been fully informed of this plot by the Municipal Government and it is yet another reason why the Municipal COURTS which are being operated outside the ten miles square of the District of Columbia must be shut down.

This PDF clearly admits that the purpose of these COURTS is extortion and racketeering under force.

This is being done under the auspices of the British Crown and they are operating under the Holy See.

It's time for the American Armed Forces to show us what they are made of and for the Queen and the Pope to honor their obligations to us and to the rest of the world in full.

Shut down the criminal operations on our shores. Penalize the British Crown. Release our purloined copyrights. Shut down the Municipal COURTS and Corporate Tribunals. Assist us in peacefully returning our civilian courts to full service throughout the country. Open up access to the American National Credit so that the Creditors are not hamstrung in the interim. Turn aside from all plans to further murder and penalize the innocent civilian populations, or as happened in the days of Elijah, fire will rain down upon the Priests of Baal and they shall be utterly consumed.
