

## International Public Notice: Pre-Planned By Anna Von Reitz

For anyone who missed the last hundred and fifty years, and anyone who doubts that everything we are seeing from the "Federal Government" is pre-planned and pre-scripted, including wars and genocides and foreign policies and bankruptcies of government corporations and everything else ---- listen up:

Here is Jared Kushner, Trump's son-in-law, who was one of Trump's Senior Advisors in the First Administration, talking about developing Gaza's "waterfront property" **months ago** ---

<https://x.com/RyanRozbiani/status/1886974111408181466>

You think this is all just coincidence, that a genocide of almost unprecedented proportions has taken place, and Gaza has been carpet-bombed into oblivion, and now, Trump is talking about building a place somewhere else to put all the refugees? And coming in and developing that same piece of prime "waterfront property"?

Trump and Bibi are up to their eyeballs in all of this -- the "West Sinai Canal" project, tapping the Eastern Mediterranean Oil Basin, and yes, developing a "Glitter Strip" of world-class resorts and hotels and casinos, just a few miles down the beach from the new canal terminal and oil refinery infrastructure.

All new concessions for Uncle Sam, that Israel gets to share in.

This is how Big Oil gets to run competition for the market around the Mediterranean Basin and Europe in general, and then, using the

new canal (replacing the Suez Canal -- which they will probably demolish during some kind of False Flag) opening up African, Indian, and Southeast Asian oil markets, too.

It's a yummy big piece of cake they've been drooling over.

In cooperation with the U.S., Inc., Israel becomes a major producer of crude oil, and gets to have a say in who has access to the new canal and at what rates. The U.S., Inc. gets the pipeline business, the refinery value-added business, a controlling cut of the canal and the shipping business, plus, as a lucrative side-line, the Glitter Strip of resorts, casinos, and hotels slated for development.

There was only one thing standing in the way. Two million average Palestinians, their homes, their businesses, their infrastructure --- and all that had to be cleared away, obliterated, bulldozed to make way for the new Big Oil / U.S., Inc./ Israel Axis.

Just like the World Trade Center had to be cleared away.

And who cares if it takes committing genocide?

Apparently, not Trump, and apparently not Israel, and certainly, Big Oil has never had a conscience and can't be expected to develop one at this late date.

It's up to us to wake up and smell the java, see the roses, vomit quietly in the backyard, then pull up our Big Boy Pants and decide what we are going to do about it.

These are our Employees, doing these things --- and doing it "in our names" and at our expense.

Right now, Trump's Administration is exposing USAID and how this do-gooder organization was used by the Democratic Party to fund 55,000 Non-Governmental Organizations (NGOs) to promote Anti-American and Anti-Human political agendas on a worldwide basis. They even funded Bill Gates and George Soros and so, these Vermin have used your own tax money to destroy your country. And they took all sorts of kick backs for this laundry and grant service, too.

This should make you paint it black and guarantee that you view the Two Party System as a thing of the past.

Never forget that those providing the expose are using this corruption to explain away the dissolution of two-thirds of what used to be the Federal Government and aren't telling the Public the truth about any of this. Also remember that the Republicans are just as bad in their own way.

The Dems present as nasty little Third World thugs and bullies with low IQs, while the Republicans are Ivy League masterminds -- like the Gin-Sippers in London they work for.

The Dems bring us riots and payola and kickbacks and outworn Marxist-Racist ideologies; the Republicans bring us False Flags, genocide and commercial fraud, and huge corporate monopolies.

Either take your pick, or start making your own plans for your future.

These wolves were so cheap they couldn't imagine sharing their profits with the actual owners of the Gaza Strip. They murdered them instead. And now, they are moving in to profit from the

disaster they caused, seizing the land they ruined for nothing, and washing each other's filthy hands.

Just like they have done in Maui, in North Carolina and Tennessee, and now, Los Angeles, too. They plan a whole new Glitter Strip in Maui. They plan to strip mine Lithium and Rare Earth Minerals out of North Carolina and Tennessee. They plan to turn Los Angeles into a world-spanning shipping and air hub. The flatter it burns, the better.

In each case, they murder wantonly and destroy the homes and property of innocent people. In each case, they profit from the destruction they've caused. They will continue to do this for as long as they can get away with it.

It's our job to make sure they can't get away with it. Use your brains and your feet and your voice.

Notice to Agents is Notice to Principals; Notice to Principals is Notice to Agents.
