

Protect Yourself and Others

By Anna Von Reitz

These supporters of the Trucker Convoy are flying the American Peacetime flag, and by doing so, they are identifying themselves as peaceable Americans --- people who are NOT at war, NOT soldiers, NOT here to blow anyone up, shoot anybody, etc., etc., etc. --- and that is important.

If every American War Flag in this convoy was converted to a Peacetime Flag, there would be nothing at all that any of the Rats could do to attack or complain or harass anyone involved. They would all have to stand down and watch the parade.

Flying the right flag can save your life or the lives of people you care about. Flying the right flag can protect your property and your Natural and Unalienable rights and Constitutional Guarantees.

Remember that America --- the actual America and the actual American Government --- has been at peace since 1814, and all the "peaceable" Americans are owed the full support, protection, and respect of their government employees without exception.

So stand up for who you are and what you are doing and use the proper flag to make your silent declaration of your standing and peaceful intentions. All over this country, more Americans are waking up and catching on. They are flying the Peacetime Flag. Isn't it about time you did, too?

Check out <http://www.uscivilflags.org/home.html> for the honorable and venerable history of our Peacetime Flag --- and stop a moment to think: do you want war or do you want peace? It's up to you to declare.
