

## Let's Put It to Rest

By Anna Von Reitz

The very words-- "Public School"--- have different meanings --- in Britain, "Public School" means "private school". Harrow is a Public School. Eton is a Public School --- in Britain.

Here, the words "Public School" have by a process of usurpation come to mean "District School" or "Federal School" --- anything and everything but what Americans expect when they hear the words "Public School".

These omissions and differences result in semantic deceptions and obfuscations that are easily turned to political uses.

Here's a great example. We have taught you some basic English Grammar, which includes the Definite Article as the Proper Name of unique Things, as in The United States of America, which is the Proper Name of this country in international jurisdiction.

Whenever you see "the" United States of America, you are looking at something entirely different --- the British Territorial Government, which operates via the exercise of our Delegated Powers conveyed by The Constitution of the United States of America.

Look closely. See "the" -- not "The"--- in The Constitution of the United States of America? The reference is to the British Territorial entity operating under our explicitly Delegated Powers.

Now, finally knowing this Flying Factoid, it becomes possible for people to rightly interpret which "United States of America" is being discussed at any given time, as in this excerpt from a historian blog, in which "Anonymous" was blaming the Americans for making "whiteness" a requirement for people to be Naturalized, -----but was in fact unwittingly demonstrating that the Offender wasn't the American Government at all. It was the British Territorial Government that made "whiteness" a requirement --- read the words, notice the Definite Article:

United States Congress, "An act to establish an uniform Rule of Naturalization" (March 26, 1790):

"Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled, That any Alien being a free white person, who shall

have resided within the limits and under the jurisdiction of the United States for the term of two years, may be admitted to become a citizen thereof on application to any common law Court of record in any one of the States wherein he shall have resided for the term of one year at least, and making proof to the satisfaction of such Court that he is a person of good character, and taking the oath or affirmation prescribed by law to support the Constitution of the United States...etc”

United States Congress, “An act to establish an uniform rule of Naturalization; and to repeal the act heretofore passed on that subject” (January 29, 1795):

“SEC.1. Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled, That any alien, being a free white person, may be admitted to become a citizen of the United States...

An Act To establish an uniform rule of Naturalization and to repeal the acts heretofore passed on that subject, Approved April 14 1802 US Statutes at Large Vol 2 pp 153 155:

“Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled That any alien being a free white person may be admitted to become a citizen of the United States or any of them on the following conditions and not otherwise”.

It was only in 1870 that the naturalization was extended to “aliens of African nativity and to persons of African descent.”

And that was in tandem to the plot to gratuitously confer U.S. Citizenship on the victims for the purpose of re-enslaving them as public property.

Look at the words. Look at the way the name is styled. It is not our American Government doing any of this; it was always our British Employees stirring the racial pot and placing obstacles in the way of people of color.

It was the British Territorial Government running "the" United States of America that abolished slavery with one hand by creating the Thirteenth Amendment to their corporate "constitution", and permanently enshrined slavery with the other hand, via the Fourteenth Amendment to that same document.

Thus all the "freed" black plantation slaves were converted from being private property to being public property, and they were unlawfully conveyed---human trafficked--- into this hitherto unknown political status known as "citizen of the United States", by the same British Territorial Government.

And they have been kept suppressed in this same disadvantaged Third Class citizenship status ever since.

The only advance was made in the 1960's when they gained "equal Civil Rights" ---- equal to the Natural and Unalienable Rights enjoyed by other Americans --- but which are actually "privileges" that can be suspended at will by the members of Congress.

Please note that these "equal civil rights" are suspended right now, together with all constitutional guarantees, for all Territorial and Municipal Employees and all their presumed Dependents.

Every black "person" in America is presumed to be "at war" and to be an "unknown combatant", a fugitive, a criminal, and a debtor belonging as property to the Municipal United States Government and the British Territorial United States Government, jointly, because each such "person" has been defined as a Dual Federal Citizen and as a Public Trust to be pillaged at will by the Perpetrators of this fantastic injustice.

This has been going on and expanding ever since the end of the hostilities in the so-called American Civil War, and none of it can be placed at the feet of the American Government.

Instead, Americans of all colors and creeds have suffered as one, as a direct result of these same unholy and illegal and unlawful usurpations made against us in Gross Breach of Trust and Commercial Service Contract by our foreign Federal Subcontractors.

Let's make an end to this caste system illegally imposed upon our soil by our British Employees and put an end to the "misunderstanding" with regard to The United States of America versus "the" United States of America, too.

We, the actual American Government, have been painted with the racial prejudice brush by the very people who have created, maintained, and profited themselves from this bitter apartheid based on different kinds of "citizenship" and the resulting convenient Public Policy of enslavement.

The actual American Government has no such history of racial or social class prejudice.

Our people have suffered right along with the original targets of this grotesque and anti-American conspiracy, and we won't take the blame for it, nor will we tolerate it anymore.

The blame for this returns to the British Monarchs and most especially to the Popes responsible for it.

This is because both of the governmental services corporations responsible, British and Papist, ultimately belong to the Pope.

The Queen in this instance is merely the Pope's Overseer of the Commonwealth interest in the British Territorial United States Government --- so the one person at the bottom of the dog pile, is the Pope, and it has been the responsibility of the various Popes to correct this gross injustice and mis-administration of the British Territorial Government ever since 1865.

Why hasn't this been addressed? Why has this evil been allowed to proliferate in our midst when our Will was written in our blood and clearly enunciated and delivered to our Employees and to the other Principals entrusted with the direction of those Employees?

By what imaginable confluence of irony and lack of decency have Americans been blamed for the social repression and caste system of the British aristocracy? For the actions of the Raj sitting on our shores, causing trouble for us and everyone else in the world?

And by what authority are these Freebooters and Criminals now being allowed to export as much as a centime of our energy and wealth and natural resources to China?

We, Americans, paid for the goods and the gold and the services that the Chinese People extended to us with our labor and our commodities; if the payment was not received, the problem lies with the transfer agents, not with us.

We place these issues firmly on the Public Record for the contemplation of the entire world --- and for condemnation by the entire world populace, acting with one voice and one sense of outrage.

It's time for these deceptions to end and for the Sons of Saturn to depart--- not merely beat feet for China and begin the whole parasitic program all over again with different victims in the cross-hairs.

Whether black, white, or Chinese, it is time for the people of this planet to unite and put an end to this depravity and criminality.
