

# International Public Notice: The Reason America is Hated

By Anna Von Reitz

We are being used as a storefront for evil. It's as simple as that.

Without our knowledge, without our consent, we are being blamed for the naked aggression, commercial greed, malevolent violence, and gross dishonesty of the British Government(s) and the Roman Curia, which have employed deception and identity theft and credit theft to set us up as their Fall Guys.

Increasingly, over the years, through the British Connection, we have been "hired" as mercenaries (unknown to us for sure, but hired as cheap mercs just the same) to back the Israeli / Zionist Axis, as in "Axis Powers". Yes, Nazis. Ashkenazis.

Check your list and read the Talmud:

- (1) They believe in ethnic purity and superiority.
- (2) They breed people according to bloodlines.
- (3) They disrespect women.
- (4) They consider all outsiders to be "subhuman".
- (5) They are into occult practices and symbols.
- (6) They pay lip-service to religion.
- (7) They use sex (of various kinds) as a sacrament.
- (8) They practice genocide and blood sacrifice.
- (9) They practice deceit and impersonation.
- (10) They practice religious and racial hatred.
- (11) They use pollution as a weapon.
- (12) They create "money" out of thin air.

We are being used like a sock puppet. Our Title IV Flag is being dishonored every single day, worldwide, because it is unwittingly being misused in connection with criminal acts; and, the Perpetrators do this in our names. All this crime is always attributed to "the Americans".

And that is why America is hated. We have been unknowingly committing crimes in the name of a foreign "democracy" and we are kept so ignorant that many Americans don't get the joke, don't know that our country has never been a democracy.

We don't bite the heads off foreign residents prattling on about dangers to their corrupt and ugly and criminal "democracy", but we should.

Most of these people who are pretending to be our soldiers, but who are actually being hired as private commercial mercenaries, don't know they are doing anything wrong. They don't know they are serving as mercenaries. They don't realize that they are being misled and misdirected by foreign interests.

Meanwhile, victims of this Mass Delusion see our flag emblazoned on the missiles that rip their villages and towns apart. They feel the weight of the "American" war machine bearing down on them, even if Israelis fire the rockets and man the war planes and pilot the drones.

We appear to be the Aggressors, but in reality, it's the British Territorial U.S. Government, Inc. misdirecting and misrepresenting everything to suit themselves and their own corporate self-interest.

Remember: it was MI6 that hired Hamas as a mercenary force to make the strike on October 7th 2024. It was Netanyahu who laid down the Israeli defense perimeter to expedite the Hamas attack.

Hamas itself was birthed and organized by the CIA. They aren't Muslim Extremists. They are cynics in the pocket of the British Territorial USA, Inc. and they are on the take.

Obviously, Hamas doesn't care about Muslims or their religion; if they did, they wouldn't hand Israel a False Flag excuse to kill over 200,000 civilians and turn Gaza into rubble.

To the victims, it's clear that our "donated" bombs are falling on their heads. It's our missiles destroying their homes. It's our ordinance taking their lives. Of course, we appear to be little better than animals, mindless, violent, vicious, war-mongering, pitiless..... gluttonous, immoral, ignorant, uncaring criminals.

That's how we appear to the victims, and that is why we are hated.

So who set these evil men above us by deceit and breach of trust already entered into judgment? We did. By default. We've been clueless and heedless as a cocaine whore.

Not a single American soldier or sailor has a valid employment contract.

All induction contracts are void for lack of full disclosure.

And this cuts both ways. Just as individual soldiers and sailors have no contract they can rely upon, they are not obligated to perform upon any purported contract they signed.

The British Vermin never told our young people that they wouldn't be serving in an honorable national military, and that instead, they would be functioning as dirt-cheap mercenaries engaging in wars for profit benefiting British foreign interests.

These "generals" have no authority to make anyone take injections or experimental drugs, no authority to order anyone to commit genocide against civilians or wage war.

All they can do is engage in illegal and immoral mercenary conflicts.

It's true, America. The Joint Chiefs are nothing but corporate goons working for foreign corporations. They are all "private security personnel" working for foreign corporations, albeit, having the brass cajones to impersonate our military officers and put on our uniforms.

Every member of every Federal Service, including the members of the various Congresses and the Generals and the Department heads and the

Cabinet Officers are all resident aliens, residing in this country under the provisions of the Residence Act.

They aren't functioning as Americans at all, and have no standing to act "for" us in any capacity not specifically and explicitly delegated to them under the Federal Constitutions.

They have nothing to say about our health. No role in controlling our money. No authority to access and apportion themselves our assets nor our credit.

Why? Because the remaining two Federal Congresses are not and cannot represent the States of America nor do they honor their obligations to the actual States. They are not American Congresses.

Their President is exactly equivalent in stature to the President of any other commercial corporation.

See the Clearfield Doctrine.

Then ask yourselves, does Bill Gates have the authority to wage war and tell you to kill people via injection or any other means?

If the President of General Motors or Raytheon or Microsoft doesn't have the authority to shoot someone (or order you to do so) why do you suppose that the President of the United States of America, Incorporated, is any different?

If it was heinous for the Nazis to promote genocide against Jewish and Polish people, against Jehovah's Witnesses and homosexuals and the mentally ill and other civilian populations based on ethnic and religious and genetic prejudices in World War II, is it suddenly all right for Israelis to promote genocide of Palestinians based on ethnic and religious and genetic differences now?

We become what we hate, and it is apparent that the Israelis learned nothing from the bitter experience of Auschwitz and Bergen Belsen, but to hate, hate, hate. It's apparent that by their own hateful actions, they have taught the Palestinians to hate, hate, hate.

The reason America and Americans are hated is blunt and crude. We are hated because we have put up with and gone along with these criminals and their criminal actions like zombies, never looking right or left, never waking up, never saying no. We've let these monsters trick us into committing crimes for them, into paying the bills for them, into fighting the wars for them and all for fractions of a penny on a dollar.

And even then, the fraction of the penny was ours. We've paid through the nose for our own abuse and dishonor.

Why is it that people who paid into "Social Security" their entire working lives can't get decent health care and have to pay for private "Medicare Supplement" insurance, while illegal migrants are allowed to burn up Social Security funds in Five Star Hotels?

Why is it that Pensioners in England freeze to death each winter?

If the politicians and business moguls responsible for this are not massacred on sight, it's only because people are still too dumb and too shocked to realize that their public servants slipped the leash a long time ago, and these foreign corporations have gotten away with breach of trust and breach of contract for so long that they think they can continue to do whatever they want.

The people of North Carolina and Eastern Tennessee have been targeted by weather warfare and left to starve, while little Focker Johnson plays with his bats and balls and refuses to divert emergency funding away from illegal appropriations already made to fund a proxy war in Ukraine.

You think we don't notice this? That we won't hold a grudge and hold every member of Congress and any non-performing State or State Governor accountable? You think it matters to us whether they call themselves a "Democrat" or a "Republican"?

Better think again.

Want to talk about the Swamp? Want to pretend that it is being drained?

No people in the history of the world have been so child-like and gullible as the Americans, and that is why the Americans are hated.

Because we should have known better. Because we should have defended ourselves from these con artists, and in the process, defended everyone else.

We, of all people, should have recognized the British Tories and the Pilgrim's Society for what they are. We should have known that the Enemy of all Mankind was still here, still lying in wait, and when they began their long pussy-footed usurpation of our government by deceit and fraud, we should have risen with one voice and called them out for it.

We should have deported the Tories by the boatload. Forget the Mexicans: shuck the Tories.

To the people of the British Isles, well, boys, there you are: the reason that you are all in debt up over your wigs and whiskers, the reason that you are kept fighting in one "war" after another --- and keep everyone else fighting, too --- the reason that you can never find your little spot of peace and plenty, the reason you are taxed to death, the reason you are surveilled and censored, the reason you are overwhelmed with immigrants and the reason there is no justice in your courts, your pension programs, your health care "service" or anything else.

Your government is being run by criminals.

Congratulations. So is ours.

That's why America is hated.
