

Red Hot!

By Anna Von Reitz

Red Hot! Kevin Kiley and James Gallagher, State of California Legislators, just won their law suit against "Governor" Gavin Newsom and his ugly unprecedented over-reaches as self-proclaimed Dictator of California.

We are going to undermine Newsom's position a great deal more and leave him no authority related to our people or our assets in any venue of the law in California. Watch the wave coming.

We are going to chain Newsom's piggy face and piggy paws to the ground with both Constitutions and leave him no wiggle room at all. Then we are going to give him the equivalent of a good old fashioned political ass-whupping.

He and Auntie Nancy will have to sing a far different song, as the Municipal Corporation's illegal and stultifying oligarchy fades from our memories like a bad lesson learned in a bad dream.

All California State Nationals who are eligible to participate as unregistered voters, get out tomorrow and be sure to vote for Kevin Kiley and James Gallagher if you have the opportunity, and of course, for President Trump.

These men are in the middle of a foreign and often hostile situation, but they are doing their best to uphold the spirit and the letter of the Constitution they are heir to --- and that is great deal more than can be said for Governor Newsom, Nancy Pelosi, or any of the other sanctimonious, self-serving, lying, hypocrites who have too long infested the California Democratic Party.

These men are standing up against unchecked and unlimited government power, even though they are part of the Territorial Government. They are standing tall for Separation of Powers and for their Constitutional obligations and duties to the Public.

So it is now our turn --- those of us who can --- to stand up for them.
