

## A Reply to "Q" and the Alliance -- June 1st 2023

By Anna Von Reitz

Early on, I was contacted by "Q" --- a patriotic young man, and asked for some assistance, which I gave. I tried to explain the difference in jurisdiction between land and sea, and the controlling position that the British Monarch has on the sea.

Any thinking American -- given the choice, would always choose to stand on his own land and soil, rather than hazard the perils of the High Seas and Inland Waterways -- as a matter of law.

The Law of the Land is solid and sure.

Justice on the land and soil of this country does not depend on public opinion (democracy) nor does it depend on private belief (theocracy).

Justice on the land depends on us and our ability, somewhat limited as it may be at times, to reason our way through the facts and evidence and determine by logic what must be true.

Ultimately, truth matters. All else is immaterial.

Here is the truth:

If you don't accept responsibility, you have no rights; and, if you do not accept liability, you have no authority.

The Colorado Nine, the [January 6th](#) Protesters, Stewart Rhodes, the Bundys and even President Trump have all come under this same gun and all of them have been forewarned by me and told the facts that they need to observe and the steps they need to take.

They haven't listened --- and in every single case, they have not only failed in their objectives, they have opened themselves up to prosecution and persecution --- both.

So long as you allow foreign governments to assume things about you, and so long as those foreign governments are benefited by assuming that you are an Unknown Enemy without rights or guarantees, the conclusion is foregone.

They will choose in their own favor and devil take the hindmost.

All the while, it's you and your failure to declare and record your correct political status that is giving them the leeway to make assumptions about you and to exercise their own "discretion" concerning you.

Let me give you an example:

You are standing in your driveway raking leaves one afternoon, and two of their officers decide that, in their opinion, you look like a dangerous subversive.

They arrest you and snoop around your home. In addition to the rake, they find a chainsaw, a hoe, and an ax in your garage.

These tools found in your garage could be used to murder people!

Soon, a man is found dead under mysterious circumstances, and you are deemed to be the murderer -- because that is the prevailing public opinion (democracy) or the earnest belief (theocracy) of your detractors.

This is the logic of mob rule (democracy). And it is also the logic of the Inquisition (theocracy).

But, wait, wait, you say--- we are Americans! We are owed a republican form of government, not a democracy! Not a theocracy!

You are subjecting yourselves to both these foreign forms of government by default, by failing to declare and record your political status as a Virginian, New Yorker, Minnesotan, Texan, or Californian....et alia, and by failing to support your own American Government, which is vested in your State Assemblies and their unincorporated Federation of States.

That's why the [January 6th](#) Protesters are being treated so very badly by the Municipal Government in the District of Columbia.

The Protesters have had Municipal citizenship of the United States conferred on them without their knowledge or consent, and they have all neglected to waive the benefit of this foreign political status or otherwise declare their choice of political status.

Those who have them incarcerated are free to opine whatever they wish and believe whatever they wish about these Unfortunates, and treat them accordingly. There is no public record or pre-established evidence otherwise.

The members of the Municipal Congress don't even recognize the [January 6th](#) Protesters as persons covered by the Geneva Conventions. As a result, the Mavens of the Majority are free to feed them gruel and let them freeze in unheated cells, labeled as "Unknown Enemy Combatants".

The Protesters are being treated as traitors to the Municipal Government, which is a separate and foreign Beastie, an entity whose only excuse for being here is a largely dishonored service contract called known as "The Constitution of the United States".

That's why President Trump is being prosecuted in the District of Columbia and not the States where his purported crimes occurred. He has done nothing that could be prosecuted under the Law of the Land, but he has allowed them to prosecute him in other venues and on charges based merely on their opinions and their beliefs.

Now that you can see how they are working these systems of foreign law (both democracy and theocracy) against Americans, you can also see why they feel the need for propaganda and an airtight stranglehold on the media to control public opinion and private belief.

What are you going to do about it?

Inaction is not an option. Such arbitrary "law" based on public opinion and on private belief only gets worse over time and both the lapses of justice and the abuses of power become more shocking.

Ever wonder how the Antifa and Black Lives Matter protesters were allowed to run all over the place without masks at the height of the so-called Mask Mandates? Ever wonder how they are allowed to loot stores without consequences? How about burning down fire stations? Maiming police officers? Vandalizing warehouses?

You know, thanks to Mad Cow Disease, that these Municipal Corporation Subcontractors have the ability to track down a single cow born in Canada through numerous sales transactions all the way to a feedlot in Indiana ten years later. How difficult would it be for them to track down all those who committed crimes during the George Floyd Riots?

It was the opinion (democracy) and belief (theocracy) of the foreign corporations inhabiting the District of Columbia, that these people were entitled to defend themselves against purported "racial injustice" by being allowed to loot and commit arson and vandalism and armed robbery and any other crime they liked.

Problem is, they did these things outside the District of Columbia.

It's time to liquidate these foreign corporations and take other actions to restore actual law and not merely "the rule of law" or "appearance" of law.

You, Americans, have a choice and a responsibility to make that choice.

I told the Colorado Nine to record and publish their declarations of political status. They didn't listen to me.

Last time I had contact with Bruce Doucette, the supposed leader of the Colorado Nine, he was still in some horrible jail facility penned up with murderers and rapists and armed robbers --- all violent criminals --- when he never harmed a flea.

In their opinion and belief he was as dangerous as Charles Manson.

The bread-and-water conditions under which the [January 6th](#) Protesters have been held reflects the same brand of lawlessness on the part of the Municipal Government Subcontractors and the members of their "Congress".

In their opinion and belief, the [January 6th](#) Protesters were there as dangerous Unknown Enemies to overthrow their government and eat them alive, and nobody can say otherwise.

This is because you, Americans, who are owed the Law of the Land, are being wishy-washy and failing to establish your correct political status and failing to man the offices and populate the assemblies of your own government.

You are letting your bought-and-paid for foreign Subcontractors, your own Federal Employees, rule over you and impose their "law" upon you, and as the Boyz at the Vatican will tell you, if you press them hard enough, it's all your own fault.

The moment you lift your hand as Americans, you are assumed to be acting in insurrection against these foreign governments.

Why?

Because you are misidentified as citizens of these foreign governments, and you are presumed to owe allegiance to these foreign governments.

Any action you take that -- in their opinion (democracy) is a threat -- or anything that you say against them that may be -- in their belief (theocracy) -- taken as a threat, counts as insurrection coming from one of their own citizens.

You can't be charged with insurrection or commit insurrection against a foreign Municipal Corporation, unless you are one of its citizens.

Go to: [www.TheAmericanStatesAssembly.net](http://www.TheAmericanStatesAssembly.net) and get papered up [today](#).

I wish nothing but good to every man and woman of goodwill. I have no reason to lie to you and receive no benefit from doing so --- unless you count having a clean conscience.

Q, White Hats, Alliance ----I am telling you right now, in front of God, if you try to substitute a British Territorial entity or other foreign corporation for the American Federal Republic, it will be exposed for what it is, and come to naught.

It's a simple choice and it's up to you.

Work with the lawful State Assemblies and their Federation of States dba The United States of America since 1776. If you want a contract, do it honestly. Don't try to foist off a British Territorial substitute for our Federal Republic by guile. Don't try to substitute yet another foreign corporation for it.

We are aware of all the variations of United States of America, States of America, United States, Unity States, blah-blah-blah that have been incorporated from here to Bangkok. It's not going to work.

There's a right way and a wrong way to do everything in this world. I have just told you the right way to get the job done. We chartered the Confederation and they incorporated the first Federal Republic; if anyone can replace those organizations, we are the only ones competent to do so.
