

Reposts in Support

By Anna Von Reitz

Over the years I have developed my own network of news sources that I consider more accurate and far, far more trustworthy than the Mainstream news, and also much better on average than the Alternative News offerings, which tend to be undisciplined and easily swayed by profit motives.

This isn't so much a criticism of Alternative News as it is an observation -- simply because Alternative News is always back-to-the-wall trying to survive, it is susceptible to sponsor bias and doesn't always meet my desired standards.

I have often recommended Jon Rappoport's blog as a source of meaty and well-informed Old School Journalism.

For those looking for the comforts of an old-fashioned newspaper, I recommend The Epoch Times, which tries (and seldom fails) to maintain an even-handed presentation of the news and views.

And recently, some new gems have come across my desk. I share them with you as support for what we've been reporting for some months now --- the existence of a high-level corporate crime scheme aimed at creating a form of Corporate Feudalism, complete with trans-human serfs.

The first repost is about as factual as it gets in terms of lining out the who's who of those responsible for the development of the man-made virus and I repost it for those who are just getting up to date--- with thanks to Tuberose:

"Great Britain's Serco Group approved the patent filing for the Chinese Virus a full 17 months before it first appeared, and the entities listed as its creators are many of the usual suspects: DARPA, Bill and Melinda Gates, Defra, the Wellcome Trust and the European Commission.

A filing with the United States Patent Office also lists The Pirbright Institute as a funder of the Wuhan Flu. Pirbright, is directly funded by the Bill & Melinda Gates "nonprofit."

That patent, dated for approval Nov. 20, 2018, clearly states that the “assignee” of “coronavirus” is “THE PIRBRIGHT INSTITUTE (Woking, Pirbright, Great Britain), funded by Wellcome Trust, Bill & Melinda Gates Foundation, EU.”

This patent was filed on Jan. 23, 2017, which actually means that the Wuhan coronavirus (Covid-19) was drummed up almost three years prior to when the news started reporting on its spread in Wuhan, and later throughout the rest of the world...”

The second comes from Bishop Max Ard and is the most complete popular, that is, non-legalistic, but fully documented report on the evidence so far compiled to demonstrate that we are not just blowing smoke and spinning tales.

For anyone who has any doubts left that this entire horror show has been pre-planned, pre-announced, and deliberately unleashed --- this will leave you with no more "wish it weren't true" escape routes:

Thank you, Bishop Max. This information puts it all in perspective.

We, at the American States Assembly, have already taken first-step action to moderate the damage by outlawing attempts to brand vaccinated people as trans-humans and abuse patent privileges to enslave them. Please, take a few minutes to educate yourselves and then, protect yourselves and your families.

This is a full-on attack against humanity by corporate interests --- planned for years, implemented without mercy, propagandized to the hilt, and now being recognized for what it is: crimes against humanity.
