

Savvy Served Up Hot Every Thursday Night!

By Anna Von Reitz

You will all remember that our right to "peaceably assemble" is absolutely guaranteed?

Although there may be other kinds of "assemblies"---- this one, the Jural Assembly, is the assembly our Forefathers were thinking of and the one that cannot be obstructed or abridged, because it is the foundation of all local land-based government and it is also the fundamental means to restore and empower our American Common Law Courts.

If you are fed up with foreign courts being used to fleece Americans silly it is time to boot up your local Jural Assembly, pitch your tents, and set up your local American Common Law court system to enforce the Law of the Land.

Now you have powerful help available to do just that, brought to you each Thursday evening via the National Assembly Conference Call, hosted by the Michigan General Jural Assembly.

This is not your average conference call.

There are now (by my count) many hundreds of large group conference calls every week discussing one or more aspects of the issues and action items facing our country. I don't disparage any of them, but if I personally had to choose the one addressing the most urgent need we have, I would tune into the National Assembly Conference Call:

Call Number: 1 - 605 -562 -3140, Participant Access Code: 226823#.

It takes place every Thursday, 6 p.m. Pacific Standard Time, 7 p.m. Mountain Standard Time, 8 p.m. Central Standard Time, and for you Night Owls on the East Coast, 9 p.m. Eastern Standard Time.

Here you will learn what a Jural Assembly is, how to properly set one up, how it is supposed to function, what its rights and responsibilities are, how to conduct elections, how to create a jury pool, how to convene a Citizen's Grand Jury, and much, much more.

You will learn history you never knew. You will learn about the American Common Law and the People's Court you are heir to. You will learn how to establish a Court of Record. How to elect a Sheriff to uphold and enforce the Law of the Land.

This is serious nuts and bolts hands-on training for those who are sick of spinning around in circles and wondering what to do? If you want something meaningful, something important, something action-oriented that you can do right now where you are and as you are----this is it: form your own local Jural Assembly.

The National Assembly Conference Call will connect you with experts who have already walked the walk and answered the questions. It will also connect you with other people in your state and around the country who are similarly engaged in restoring our lawful court system throughout the nation.

Setting up competent Jural Assemblies is by far one of the most necessary tasks facing America. For more help, information, and assistance, visit 1stmichiganassembly.info.
