Essentially, the information shared by Lord James in Parliament about the take over of British military and security services has now been corroborated by British military officials.

If not stopped, on November 1, 2019, the entire British military will be taken over and placed under the administration of Brussels --- the HQ of Evil responsible for the operations of the Vichy French UN Corp.

This is the result of "the UK" ---not the Queen, not the United Kingdom and not Great Britain--- signing treaties to this effect some years ago in Lisbon, but as we all know, the "UNITED KINGDOM" is bankrupt and we are the actual Priority Creditors--- not Germany, not Brussels.

This thus represents a matter of grave concern to the American Government as it attempts to usurp upon our fiscal position and also attempts to allow Secondaries to bring false claims in commerce against the UK "in our names".

None of these Secondary Creditors have any credible position and are not enabled to speak for us. That goes double for the IMF.

We hereby serve and publish Notice to Donald Trump in his Office as President of the United States, that we do not consent to this misrepresentation by Brussels and do not advise nor desire a foreclosure on the British military.

Once again, the Pope is on the wrong side of the issues, and is attempting to set up another fraud scheme in which the United Nations organization would be used as a storefront covering for the UN Corp, and the Vichy French and Swiss Nazi collaborators responsible for most of this Mess, in much the same way that the Roman Catholic Church has been used and abused as a storefront for these same crooks and flim-flam artists. .

It is more than past time that we all woke up and weighed in.

We have less than a month to save Britain, and though its sins be as scarlet, this is not the fault of the British People and should not be allowed to endanger or compromise their National Security.
