

International Public Notice: There Is No Doubt

By Anna Von Reirz

There is no longer any doubt that the phony Covid 19 Pandemic was a NATO operation.

<https://www.vtforeignpolicy.com/2024/11/covid-is-a-military-operation-subordinate-to-nato-usa-and-nctv/>

There is no doubt that NATO has been illegally running the governments of the seventeen western European countries and other countries occupied by the Allies during and after the Second World War.

The "Liberators" turned into long-term occupation forces, but they conveniently didn't tell anyone this.

This is just another example of prolonged illegal and secretive military occupation by Britain and its Allies, and is part of a pattern of international crime that began in the 1840's with the marriage of Queen Victoria to Prince Albert of Saxe-Coburg and Gotha.

This marriage marked the capture of the Queen's substantial personal fortune by Continental European interests, and started the complex and largely unobserved conflicts of interest that have since spurred political and diplomatic actions and led to two World Wars.

As always, the Brits are at the bottom of the dogpile, and as is usually the case, the modern day Romans are right there with them, like an inseparable shadow.

This particular pattern of international criminality began in earnest in the 1850s and 60s. The British Homelands were surreptitiously taken over by international bankers championed by then-Prime Minister Benjamin

D'Israeli, who advocated the enfranchisement (as in Dairy Queen franchise) of the British Working Class.

Simply by registering the victims and conferring upon them the right to vote (in an undisclosed private corporation election) they and their private property could be subsumed as a franchise of the British Crown; their labor, performances, and contracts could all be seized upon, along with their land and whatever other private assets they had, and used as collateral to fund the invasion of India by the British Raj.

This same kind of unlawful conversion of political status via undisclosed registration of people as property, and the overall war profiteering this promotes, is still going on today throughout the world, and it is still being engendered by the same criminal corporations, criminal banks, and corrupt political institutions operating under color of law.

One group of people, the British Working Class, was defrauded and enslaved to promote the enslavement of India, and Queen Victoria went along with this Gross Breach of Trust and betrayal of the British peoples, because her own fortunes vastly benefitted from becoming "Empress of India" and the loot to be had from plundering the treasuries of the Maharajahs.

We have recently located evidence of 18 Billion metric tons of gold deposited with the Bank of England by Czar Nicholas II, 8 Billion for the benefit of the Kingdom of Prussia and 10 billion for the Russian Empire, and the only likely source of this much gold being in the possession of Czar Nicholas, is India. Apparently, Victoria divided up the loot among her children and grandchildren, and India went from being among the richest countries on Earth to being one of the poorest.

This is the result of illegal occupation by mercenary forces, just like the rape of Gaza that we are witnessing now.

Netanyahu is acting as "President" of "the State of Israel, Inc." and all the armaments and ordinance and drones he is using to obliterate helpless Lebanese and Palestinian communities is coming from the British Territorial Corporation aping our good name --- "the United States of America, Incorporated" --- one of our erstwhile Federal Subcontractors, which has gone rogue and which is being misdirected by Undeclared British Territorial Agents.

Then as now, we see the same pattern: (1) enslavement of one group of people to finance the enslavement of others; (2) the use of registration documents and undisclosed mercantile contracts to assert and enforce collateral claims against the clueless victims; (3) long term illegal military occupation of foreign countries by hired mercenaries; (4) administration of the captured "territories" by commercial corporations engaged in racketeering and genocide for profit; (5) private direct "taxation" of the victims by commercial corporations acting under color of law; (6) illegal plundering and asset stripping and quasi-military confiscation activities by foreign corporate tribunals designed to act as disguised bill collectors; (7) collusion with the Air Jurisdiction authorities to accomplish this.

You will note that this activity is promoted by and accomplished in collusion with Air Jurisdiction officials and using Air Jurisdiction offices: Victoria engaged in all this criminal "territorial" activity as the Empress of India, not as Queen of England, Ireland, Scotland, and Wales. This same pattern of veiled commercial interest and Colonial aggression has followed through to the current day, as King Charles III has in fact been crowned as Emperor Charles III, and is occupying this Air Jurisdiction Office and participating, as such, in these crimes.

Our country, The United States, was one of the first victims of these Swindlers. We have labored under illegal occupation for 160 plus years and now propose to end this criminal activity on the part of our Hired Help.

The British Bunko Artists in nice suits, white collar criminals throughout --- bankers, politicians, diplomats, MI 5, MI 6, and MI 7 Agents, military officers, have colluded to deceive and bilk the public they are supposed to serve and protect, at the same time that they have defrauded and ransacked everyone else and blamed their own willful criminal acts on us, counting it all against our credit and our good names.

This is the truth of the ancient symbol of Jormungandr, the World Snake, eating its own tail: the governments of Britain and Rome eat their own substance, their own people, as well as their customers and trading partners, as fuel to conquer others.

These Operators are like a Parasite, which has no purpose but to steal, destroy, and consume for their own unjust enrichment.

And all the while, they maintain a slick facade of being practical and decent, the Voice of Reason, the proponents of peace, the bastion of freedom.... until they make the Balfour Declaration and begin meddling in the Middle East, making distributions of other people's property for the own commercial good or political ends; or they invade Libya and lay it to waste for the "sin" of advocating a gold standard currency for all of Africa, or start selling Opium to Chinese workers, or they subject the awakening United States to pandemics and weather warfare and runaway inflation.

Wherever they go, whatever they do, they act as international criminals, engaged in genocides and land grabs, and using mercenaries to do the dirty work for them. They are criminals and their "empire" is a criminal empire.

So we come to an interesting question: the industrialized western nations have not replenished their populations since World War II; in fact, such counties as Norway and France and Japan and The United States, have all been in population collapse, not even producing 2.2 children per couple. We're not overpopulated. We aren't even holding our own and haven't been since the 1930's.

This is not a secret.

So why are the Liars and Artificers trying to sell the idea that we are facing an overpopulation crisis, when we are not?

Come to that, why are they trying to sell the idea that carbon dioxide, a minute component of the atmosphere that is mostly determined by volcanic eruptions, is responsible for "global warming"?

Why are they lying and telling us that we and our activities are the "cause" of global warming, when it's obviously not true?

The men who have commandeered our governments and enslaved us like farm animals are nothing but liars, cheats, mercenaries and criminals of other stripes, engaged in illegal war profiteering.

The Truth is not a commodity that they value.

Most of these "leaders" have been compromised and are being blackmailed to do the things they do:

https://www.vtforeignpolicy.com/2024/11/diddy-staffer-testifies-obama-child-rape-tapes-will-tear-dc-apart/?utm_source=rss&utm_medium=rss&utm_campaign=diddy-staffer-testifies-obama-child-rape-tapes-will-tear-dc-apart

We hope that gross revelations about the Obamas and their Administration does tear "DC" apart, and that people finally come to terms with the fact that they have unwittingly given away their right to self-govern to immoral bureaucrats and foreign corporate interests.

It's not enough to take out the nest of vipers in Washington, DC. We have to take out all their affiliates and subsidiaries and franchises in other countries. We have to take down the "British Empire" once and for all, and the "Roman Empire", too, but not as a political action --- because this is not a political issue.

This is an issue of crime, plain, old garden variety crime.

If we all want peace in the world, if we want to be free, these crimes have to end, and these criminals have to be stopped.

People in The United States and China, especially, need to wake up.

We have been Hosts to these parasites, and they have eaten out our substance.

Now, they want us to blame each other and fight with each other, while they find new homes for their criminal enterprises in Ukraine.

It does no good to appeal to Mr. Trump or to rely on what only appears to be "our" Armed Forces; he is "President" of the USA, Inc., a franchise corporation in the business of providing "essential government services" -- and he is rapidly filling his cabinet with Zionists and Neocons:

<https://gregreese.substack.com/p/the-zionist-occupied-government-of?r=411tuj>

Just like Mr. Zelensky, late of Miami, Florida, is an MI 6 Agent, Mr. Trump is an Agent, too. Undeclared, of course.

They are all acting under False Pretenses and Color of Law. They are all engaged in grossly criminal activities. They are all directly or indirectly

involved in the genocide of 200,000 civilian Palestinians in Gaza, and their motives are merely profit motives.

They can't even wait for the rubble to settle before they start building their new oil refinery and pipeline system to tap the Eastern Mediterranean Basin. Go on Google Earth and take a look.

Why Gaza?

Because the parent corporation plans to put in a new canal on the east side of the Sinai Peninsula and use it to supply oil and refined oil products to East Africa and India and all of Southeast Asia, in competition with OPEC and the Suez Canal. Gaza just happens to be in the way of their commercial ambitions.

They think it is cheaper and more expedient simply to kill the people of Gaza rather than share the anticipated largesse, so that is what they are doing.

But ask yourselves, if it was wrong for the Nazis to kill the Jews based on racial and religious differences, is it not also just as heinous for Jews to do the same thing to Palestinians?

200,000 unarmed civilians have been murdered, 17,000 of them children, 36 hospitals have been targeted and destroyed, over a hundred international humanitarian aid workers have been killed, dozens of small towns have been looted and razed by this criminal Ashkenazi ("Nazi") renamed "Netanyahu".

Where is the outcry? The shock? The condemnation of this from the West?

Instead, we have another commercial corporation ginned up by the Royal Institute of International Affairs, calling itself "the State of Israel, Inc." --- and backdoor deals with Trump to make it the fifty-first (British Territorial) Confederate State (meaning "state of state" entity) of the United States of America, Incorporated.

This new franchise of a British Territorial corporation calling itself "the United States of America, Incorporated", would be billed as if it were an actual State of the Union, and be protected as such, at our expense, of

course, by the Perpetrators. All tongue-in-cheek. All color of law. All credit theft.

This new "State of Israel" has a reporting address in Kensington Palace.

We object. We protest. We do not agree with any of this.

This filthy genocidal commercial enterprise has nothing to do with us or with our country; it is entirely a sidebar undertaking of one of our foreign Federal Subcontractors and should not in any way be attributed to us nor should we be charged for any expenses related to it. God knows we don't receive any of the profits.

Let it be known that the Americans and the American Government do not approve of, support, or condone what Israel has done in Gaza.

We don't approve of or support or condone what NATO has promoted as a phony pandemic and illegal act of biological warfare.

We don't approve of or support or condone the promotion of weather warfare against civilian targets in The United States and Spain.

None of this criminality should be associated with us and none of it should be charged against our credit.

We do not approve of any of these criminal extraterritorial activities pursued by the British Territorial U.S. Government, its Allies, or associated institutions promoting criminal commercial enterprises designed to profit from war, death, and destruction.

We do not approve any related appropriations, including but not limited to "defense" appropriations and costs of armaments donated to the Ukraine and Israeli regimes made by the U.S. Congress based on our credit and executed by our erstwhile personnel.

We call upon the guilty members of the Bank for International Settlements and the Comptroller of the Currency and the Office of Foreign Assets to immediately shut down all access to our credit hitherto extended to these rogue Public Servants for purposes of foreign aggression, and to disregard all claims based on registrations and copyrights presuming an interest in our assets.

We have "returned from over the sea" to find that our Public Servants have defrauded and misrepresented us and deliberately deceived large numbers of Americans and others worldwide so as to promote an unimaginably large identity theft scheme against our people, our country, and our nation.

Our British Territorial hirelings have impersonated us and made false claims of private contract allowing them to do so. They have used this constructive fraud scheme to gain access to our credit just like any other credit card hacker. They have misused and abused our credit to promote their own commercial enterprises, often at our expense and to our detriment, and these commercial enterprises have often promoted violence, murder, and mayhem in pursuit of unjust enrichment --- just as we now see in the Ukraine and Gaza.

They have done this while stealing their wages from our pockets and using our Title IV Flag for unauthorized purposes and bringing their dishonor under our Good Name.

We invoke all powers inherent in us and in all institutions of mankind to bring a swift halt to these crimes and abuses on the part of the Roman Curia and British Government(s).
