

To All White Hats and Military Officers and Diplomatic Officers

By Anna Von Reitz

There were 36 States formed prior to the 1860 Fraud that fundamentally damaged and partially vacated our actual American Government, but as of October of 2020, all those Original States were in Session and polled by Roll Call Vote to accept and enroll the 24 Territorial Confederate (States of States) as actual States of the Union. That action was unanimously approved with one abstention.

As a result, all fifty (50) States of the Union are present, fully enrolled, and accounted for.

The former Territorial States are endowed under the Due Process of the Northwest Ordinance and the Equal Footing Doctrine with every right, protection, and prerogative of the sovereign States that existed prior to 1860.

So, the People of this country, which means the State Citizens of the individual sovereign States, have already decided the issue of the status of the Territorial Confederate States.

This issue has been properly decided by those who have the inherent birthright political standing to decide the issue, who have also properly declared and recorded their birthright political status and provenance, who have accepted the responsibility of State Citizenship, and who have lawfully "returned" to the land and soil of this country and brought their States back into Session.

This has already been done. There is no reason or need to do it a second time. As our States are republican in nature and not democracies, it does not require large numbers of people to make decisions or take action for our State Governments; only a few with the proper standing and allegiance are required to conduct business.
