

# Urgent Public Announcement - Three Day Notice to Principals

By Anna Von Reitz

We do not need Joe Biden's permission for us to uphold our Public Law, including but not limited to our Immigration Laws. The Public Law overstands Public Policy of privately owned for-profit foreign Municipal Corporations and their personnel, who are supposed to be performing their contractual duties under their respective Constitutions.

The current activities of these Municipal Corporations operating generally as the US, INC. and USA, Inc., are both in Breach of Trust and Service Contract.

Only a tiny fraction of their officers and officials have taken and published their actual Oaths of Office, and as a result, they have not actually entered any Public Office and do not act with any official capacity related to the Government of this country.

Those of you who are willing and able are free to take your guns to the southern border and help escort the illegal aliens back across the border, or alternatively, arrest and escort them to appropriate destinations.

American Hispanics, please realize that you will be paying a price for these interlopers. Your homes and families will be needlessly endangered in the inevitable event of deportation operations, and your homes and families will be endangered now by the sudden appearance of cartel gang members and foreign mercenaries in your neighborhoods.

Don't wait for the local police to help. They are private security personnel being misdirected by the same corporations responsible for this mess. If local police do help, they are doing so according to their own discernment of the situation, as described in Mack and Prinz v. USA, Inc.

Arrest the strangers and take them to the nearest "sanctuary city" or deliver them to the State Capitol or George Soros's mansion or any other appropriate destination. If you can afford the bus fare, send them to the University of California Berkley or to Governor Newsome or Nancy Pelosi's District, or to Martha's Vinyard or Washington, DC or anywhere within the District of Columbia. The more personal their contact with their "sponsors", the better.

Let the theorists experience the reality.

The immigrants themselves should be held harmless as long as they are peaceful and don't injure people or property. We are a lawful nation, not a mean or vengeful one. Basic human caring should always be observed as much as possible. Your role is as public peacekeepers, not private "law" enforcers.

Any "judge", "sheriff", or other person appearing to act in a public office who fails to produce their written and published Oath of Office and who fails to uphold legal immigration standards is to be arrested and removed along with any illegal immigrants. These persons impersonating Public Officials are to be taken to the nearest Office of the Provost Marshal and turned over to the Judge Advocate General.

We will be charging the Principals responsible for these Municipal Corporations \$1,000,000,000 in silver or gold per person injured, or a minimum of \$1,000,000 incident of reported property damage in excess of \$5,000 and Public and Private Notice of the same is hereby delivered to the Agents and Principals.

Be sure to document any injuries or property losses and file criminal incident reports as evidence. Keep your copies. You will be given instructions regarding lien processes and justice settlements.
